**RESOLVED:** That a copy of the above Resolution be sent to the members of bereaved families.

## II.

The Vice-Chancellor extended Heartiest congratulations on his behalf and on behalf of the Senate to S. Parkash Singh Badal, Fellow, and his team on their emphatic victory in the just concluded elections and for becoming the Chief Minister of Punjab for the record 5<sup>th</sup> term. He also extended heartiest congratulations to Mr. Justice Ranjan Gogoi, Chief Justice of Punjab and Haryana High Court and Fellow, Panjab University, for the clearance of his name by the Supreme Court collegium for elevation to the Supreme Court and to be subsequently the first-ever Chief Justice of India from north-east.

The Vice-Chancellor further said –

- (1) “I am pleased to inform this august House that around 30 students of the ;University Institute of Legal Studies and Department of Laws have been selected in PCS (Judicial Branch) results of which have been declared recently.
- (2) Professor Pam Rajput has been nominated on a High Powered Committee by the Union Ministry of Women and Child Welfare, recommended to be constituted by a Committee of Governors constituted by the President of India, to draft Crucial National Policy on the Status of Women in India. This Committee has been incepted after a gap of 41 years. She had also been invited on the panel by the White House Advisor, First Secretary on Gender Issues and Global Ambassador on Gender Issues, which is an international achievement.
- (3) A hearty welcome to Shri Deepak Kaushik, the newly elected President of the Panjab University Staff Association to this august House.
- (4) The Seminar Hall of the University School of Open Learning would be named as Major Jiwan Tiwari Hall.
- (5) Shri Sharanjit Singh Dhillon, Fellow, who has been elected to Punjab Vidhan Sabha and became Cabinet Minister.
- (6) Shri Poonam Suri has been elected as the new President of D.A.V. Managing Committee, New Delhi.

Shri Gopal Krishan Chatrath stated that the faculty members of University Institute of Legal Studies, Department of Laws and Department of Laws, P.U. Regional Centre, Ludhiana should be felicitated, who had worked day in and day out for giving training to the students. This year, more than 40 students from these institutes had cleared PCS (Judicial) examination. Last year only 15 students were able to clear this examination. He added that one of their students (Praveen Srivastava) had already been selected as I.A.S. and had been posted at Chandigarh.

Shri Deepak Kaushik thanked the Chancellor, Senate and the Vice-Chancellor for giving representation to the non-teaching employee on the Senate. He pleaded that since

the examinations are going to commence within a couple of days, the process for filling up of various vacant non-teaching posts should be started.

**RESOLVED:** That –

- (1) Felicitation of the Senate be conveyed to –
  - (i) S. Parkash Singh Badal, Fellow, and his team on their emphatic victory in the just concluded elections and for becoming the Chief Minister of Punjab for the record 5<sup>th</sup> term.
  - (ii) Shri Sharanjit Singh Dhillon, Fellow, on his having been elected to Punjab Vidhan Sabha and becoming Cabinet Minister.
  - (iii) Mr. Justice Ranjan Gogoi, Chief Justice of Punjab and Haryana High Court and Fellow, Panjab University, for the clearance of his name by the Supreme Court collegium for elevation to the Supreme Court.
  - (iv) Faculty members of University Institute of Legal Studies, Department of Laws and Department of Laws of P.U. Regional Centre, Ludhiana, for working day in and day out for imparting training to the students enabling them to clear the PCS (Judicial) examination this year.
  - (v) Professor Pam Rajput on her nomination on a High Powered Committee by the Union Ministry of Women and Child Welfare, recommended to be constituted by a Committee of Governors constituted by the President of India, to draft Crucial National Policy on the Status of Women in India. She be also felicitated for being invited on the panel by the White House Advisor, First Secretary on Gender Issues and Global Ambassador on Gender Issues, which is an international achievement.
  - (vi) Shri Poonam Suri on his having been elected as the new President of D.A.V. Managing Committee, New Delhi.
- (2) the information contained in the Vice-Chancellor's Statement at Sr. No.(1), be noted.
- (3) the Seminar Hall of the University School of Open Learning be named as Major Jiwan Tiwari Hall.

- ISHG-2012, International Conference on Genes, Genetics & Genomics: Today & Tomorrow-Human Concerns and XXXVII Annual Conference of the Indian Society of Human Genetics from 3<sup>rd</sup> to 5<sup>th</sup> March, 2012.
- International Conference on Frontiers in Nano Science & Nano Technology, 15<sup>th</sup> - 18<sup>th</sup>, February, 2012
- International Workshop on Structure and Dynamic of Trapped Quantum Gases on 2<sup>nd</sup>-4<sup>th</sup> February, 2012.
- International Conference on Innovations in Chemistry for Sustainable Development December 4-6, 2011.
- International Conference on Microbial Bio-Technology for sustainable developments from 3<sup>rd</sup> to 6<sup>th</sup> November, 2011.
- EMSI, Public Health Department.

### **Major National Conferences Organized**

- 32<sup>nd</sup> Annual Conference of Indian Association of Biomedical Scientists (IABMS)
- Department of University Business School organized National Seminar on “Innovations in Marketing” on 7<sup>th</sup> February, 2012.
- National Seminar on Ecology and Health: Anthropological Dimensions held on 2<sup>nd</sup> and 3<sup>rd</sup> February, 2012.
- 52<sup>nd</sup> Annual Conference of Association of Microbiologists of India (AMI).
- National Seminar on Millennium Development Goals and National Mission on Education Through ICT: the Challenges for the Universities on 7<sup>th</sup> & 8<sup>th</sup> September, 2011.
- Department of University Business School organized National Seminar on Global Supply Chain Management: Challenge & Prospects on 19<sup>th</sup> March, 2012.
- 50<sup>th</sup> Golden Jubilee Symposium Prospects & Perspective in Biochemistry cum Alumni Meet on 10<sup>th</sup> & 11<sup>th</sup> February, 2012.
- 6<sup>th</sup> Chandigarh Science Congress (Chascon 2012) on 26<sup>th</sup> to 28<sup>th</sup> February, 2012.
- National Symposium on Shaping India’s Future: Role of Anthropology & Psychology on 26<sup>th</sup> & 27<sup>th</sup> February, 2012.
- National Seminar on Economic Development and Inclusive Growth in India held on 14<sup>th</sup> February, 2012.
- National Conclave on “Science & Technology in India: Opportunities and Challenges” held on 15<sup>th</sup> to 16<sup>th</sup> September, 2011.

**Initiatives taken for the Welfare of Employees**

- Medical facilities to the wards of female employees at par with their male counterparts within the overall budget.
- Medical advance to the retired employees at par with the in-service employees.
- In order to mitigate the problems being faced by re-employed teachers in getting their re-employments renewed from their respective departments on year to year basis, it has been decided that the competent authority shall allow re-employment for three years in one go and thereafter only an academic status report shall be submitted by the concerned faculty member through the HOD with an advance copy to the Dean of University Instructions, V.C. shall be competent to accept that report and allow the continuance of re-employment with usual one day break after completion of each year (VC's Statement in the Syndicate).
- Pensioners shall be allowed all benefits on the pattern of Punjab Govt. Rules as amended from time to time (VC's Statement in the Finance Board) i.e. addition of 5 years qualifying service as per Pension Regulation etc.
- Encashment of 10 days Earned leave while availing the Leave Travel Concession (L.T.C.)
- Strengthening of Common Facilities i.e. Parks, Roads in South Campus.
- Renovation of Houses being undertaken.
- Emeritus Professors to get Rs.30,000/- p.a. as against Rs.20,000/- for research work.
- Research grant for Science Faculty will be enhanced from Rs.20,000/- to Rs.30,000/- and for Social Science from Rs.10,000/- to Rs.20,000/-.
- A new Assured Career Progression Scheme for the employees has been passed ensuring at least three financial upgradation throughout the service tenure of an employee i.e. after 10, 20 & 30 years.

- The employees of P.U. have been allowed the benefits of revised pay-scales, Conveyance allowance, Secretarial pay, Special pay and Mobile allowance etc. as per Punjab Govt. Notifications.

#### **Other Initiatives**

- Rs.60.00 lac have been sanctioned for providing facilities of fire Hydrant system and smoke detection and fire alarm system in various buildings of the University.
- Rs.39.00 lac has been sanctioned for renovation of Houses at VVBIS&IS, Hoshiarpur.
- Rs.65.00 lac has been sanctioned for setting up of Lab./Furniture/Structure network and bandwidth.

#### **New Courses started/Classes added to the Existing Courses during 2011-2012 in the Colleges**

1. M. Com. (Business Innovation) (Semester System) Course has been started in the SCD Govt. College, Ludhiana from the academic Session 2011-12.
2. Advance Special Diploma in Fine Arts for Deaf & Dumb Course in Govt. College of Art, Sector-10, Chandigarh.
3. Certificate Course in Disaster Management (Add-On Course) has been started in Post-Graduate Govt. College for Girls, Sector-11, Chandigarh.
4. No new Course started during the session 2011-12 in the Faculty of Languages, Faculty of Science and Faculty of Engineering & Technology.

#### **REFORMS IN THE COLLEGE MANAGEMENT**

1. Decided long pending scores of cases of approval of teachers who have done Ph.D./M.Phil. before 11.7.2009 based upon the UGC Regulation 2009;
2. Affiliation process has been streamlined by making it time bound i.e. inspection of all the Colleges shall be completed by 31st March and compliance of conditions, if any, by 31st May every year to ensure timely grant of affiliation and admission;
3. Maintaining of on-line data of affiliated Colleges pertaining to Courses being run, course-wise number of seats, teachers, affiliation process etc.
4. The Colleges Branch is going to be fully automated/modernized to make it high-tech in terms of grant of affiliation/approval etc.
5. Rationalization of fine imposed on the Colleges in the event of not (i) having regular Principal and (ii) receipt of application from the Colleges for extension of affiliation after the due date in the following manner much to the relief of the Colleges.

**REFORMS IN THE COLLEGE MANAGEMENT**

<b>Not having Regular Principal</b>		
	<b>Old</b>	<b>New</b>
1.	Rs.50,000/- p.m. from the date of they are not having regular Principal and if a college is in a process of appointing a Principal, the fine for that period be also included.	No fine is imposed up to 6 months, Rs.75,000/- per month shall be imposed beyond 6 months, if the college still fails to appoint the regular Principal. Thus, giving adequate breathing time for appointment of Regular Principal.
<b>Extension of affiliation</b>		
2.	Fee for applications to be received up to the last date i.e. 1st November of the preceding year prescribed at page 167 for grant of extension of affiliation. For those received after this date but before 10th January of the following year, a penalty of Rs.1 Lac (one Lac) be imposed upon the college(s).	<p>If the application is not received up to 1st November, penalty of Rs.1 lac be realized in the following manner:</p> <p>a) From 2<sup>nd</sup> November to till 30<sup>th</sup> November of the preceding year: Rs.25,000/-.</p> <p>b) From 1<sup>st</sup> December to till 31<sup>st</sup> December of the preceding year: Rs.50,000/-.</p> <p>c) From 1st January to till 10<sup>th</sup> January of the following year: Rs.1,00,000/-.</p>

### **REFORMS IN THE EXAMINATION SYSTEM**

- Introduced Degrees having security features and photographs for all college students for all the courses running in the University and affiliated Colleges.
- Introduced that all Detailed Marks Cards will henceforth have security features and will be generated on computers. The use of hand-made paper for DMCs has been discontinued.
- Introduced the OMR Answer Books for all the examinations starting from Add-on Courses to Post-graduate Courses.
- Approximately 90% preparation of results is now computerized. The OMR Front Covers are scanned for each Answer Book and the Result Sheets for individual examinations is generated through the computer programmes and the declared results, having detail of marks for each student, are uploaded on the website.
- Introduced the in-house facility for scanning of OMR Answer Book to avoid delay in the processing of results.
- Introduced the facility of receiving On-line Applications for conduct of all Entrance Examinations, such as CET, OCET, etc., to give the maximum facility to the students from all over India. The Roll Numbers/Admit Cards will also be available On-line.
- Introduced Semester System for all Post-graduate Classes. Now, all the above results for the last semesters have been declared. From the next year, there will be Table-marking to avoid delay in the declaration of results.
- Going to introduce the facility for receipt of On-line Examination Forms for Post-graduate Semester System Examinations to be held in December 2013, for Private as well as College Students. The Roll Numbers will also be available On-line.
- The provision of funds has been made in this Budget to purchase 200 Metal Detectors to be used during conduct of examinations to eliminate the copying, unfair means, by use of electronic gadgets such as mobile phones, etc. One Metal Detector will be provided for each Centre.
- **THE RATES OF REMUNERATION HAVE BEEN REVISED**

**(A) NON-PLAN REVENUE RECEIPTS**

The revised estimated revenue of Rs.13147.61 lac as against the original estimated revenue of Rs.12509.04 lac is higher by Rs.638.57 lac due to the following reasons:-

- i) due to implementation of semester system in Post graduate level.
- ii) number of students increased in University School of Open Learning and Private candidates.

**(B) NON-PLAN EXPENDITURE**

The revised estimated expenditure of Rs.28835.68 lac as against the original estimated expenditure of Rs.38966.15 lac is lesser by Rs.10130.47 lac due to the following reasons:

- i) the vacant posts has already been advertised but could not be filled up in the financial year 2011-2012 and the process is going on.
- ii) the University has imposed a 15% cut on the provisions excluding salary, medical assistance, water charges, electricity, Books & Journals and some other budget heads for totally unavoidable expenditure.

**Total 4078.30****Grant-in-Aid 2011-2012**

As against the approved original estimated deficit of Rs.26457.11 lac for 2011-12.

**MHRD/UGC**

Grant of Rs.146.57 crore received from the Government of India through UGC to meet the deficit of Non-Plan and other current requirement.

**Punjab Govt.**

The Punjab Govt. has allocated Rs.20.00 crore for the Panjab University and Rs.3.00 crore for Constituent Colleges. Against the allocated provision Rs.15.00 crore for University and Rs.3.00 crore for Constituent Colleges has been received.

My deep gratitude and thanks to all the members of Senate for the kind co-operation, valuable advice and exceptional support to me in the conduct of activities of the University since my joining as a Vice-Chancellor.

My sincere thanks for the all-out co-operation and help extended by the Punjab Government and Chandigarh Administration through Shri V.K. Singh, Finance Secretary, UT, particularly Shri R.P. Sisodia, Joint Secretary, Department of Higher Education (MHRD), GOI for releasing the grant of Rs.146.57 crore to enable us to make the payment of salaries to the staff.

This was one of the factors which helped the university to a large extent, during the last many financial years in not resorting to the usual practice of taking overdraft/loan and consequently we were able to effect considerable saving on account of interest, earlier used to be paid to the bank on account of such overdraft/loans.

I once again propose that the House may kindly pass the revised Estimated Expenditure of Rs.28835.68 lac for the year 2010-2011 and budget Estimated Expenditure of Rs.42216.54 lac & NSD of Rs.448.11 lac liabilities of Board of Finance items for the year 2012-2013.

Principal Narinder Singh Sidhu stated that he was surprised while going through the budget document that the University had allocated a very meagre amount for the purchase of books and journals. Moreover, the School of Punjabi Studies had not been given any grant for the purpose. He did not know how they would be managing. He requested that in future all the departments should be asked to give their requirements in writing and maximum amount should be allocated for books and journals as was being done by the affiliated Colleges.

The Vice-Chancellor said that all the departments were requested to send their requirements in writing and those who had sent their requisitions had been accommodated. As far as Punjabi Department and Chairs was concerned, all the departments and Chairs which imparted studies in the subject of Punjabi and the Chairs would be housed in Guru Teg Bahadur Bhawan, being constructed near University School of Open Learning, would be ready soon. Moreover, a sum of Rs.2 lakh had been sanctioned for books and journals to Punjabi Department.

Dr. Tarlok Bandhu, referring to the budgetary speech of the Vice-Chancellor, said that a sum of Rs.39 lakhs had been allocated for V.V.B.I.S. & I.S., Hoshiarpur, said that the Vice-Chancellor had not made mention about allocation of funds to P.U. Regional Centres at Mukatsar, Ludhiana and Hoshiarpur as also P.U. Rural Centre, Kauni.

The Vice-Chancellor stated that P.U. Regional Centre, Kauni was given Rs.2.35 crore, which had not been spent as yet. They had also requested the Punjab Government for construction of building, etc. Moreover, a sum of Rs.1 crore had been allocated for P.U. Regional Centre, Ludhiana.

Continuing, Dr. Tarlok Bandhu said that the Vice-Chancellor had also said that the vacant posts were not being filled up due to code of conduct. He enquired as to which code of conduct was in force now. He further said that the University had decided to give re-employment to the teachers for three years in one go. Similar provision should be made for the Principals of the affiliated Colleges.

The Vice-Chancellor said that there was a provision of re-employment of teachers in the University Calendar which has been kept pending. He *suo motu* started a new re-employment scheme for the teachers of the University. Since there was a lot of bickering and the **senior teachers were embarrassed by their juniors, it had been decided that the reemployment should be given for three years in one go, of course, with one day's break after completion of a year. The teacher concerned would have to submit his/her report of the work done during the year to the Dean of University Instruction.**

Principal S.S. Sangha said that, earlier, it had been decided that incentives would be given to the sportspersons, but the same was not being given to them as yet. He pleaded that the girl sportsperson who had represented in the World University should be honoured by the University.

The Vice-Chancellor said that whatever recommendations had been made by the Department of Sports, the same had been approved.

Continuing, Principal S.S. Sangha said that though some of the rooms of the University Guest House had been renovated, A.C. installed and more rooms had been added, but the condition of room Nos. 14 and 15 in the University Guest House is still pathetic, despite their having raised the issue several times. He pleaded that the condition of room Nos. 14 and 15 should be improved and a few rooms should be constructed for the drivers who accompany the occupants.

Professor Akshaya Kumar complimented the Vice-Chancellor for doing so many things during the last one year. The University made progress when apparently everything looked fine. They were measuring development with particular kind of yardsticks, i.e., construction of buildings, etc. but what about the traffic congestions. A lot of buildings are coming up at the Campus and that they had no place for parking the vehicles. Hence, streamlining the University Campus is not in their terms. All developments would fade away if these things are not taken care of. Somehow all the departments worked at the week end and functions were organized in the open lawns, which disturbed the classes. They had crowded the University Campus much. Developments are not one-sided; let all these aspects be looked into. If they open more departments and construct more buildings, Campus was bound to be crowded. While constructing buildings environment aspect should be kept in mind. He had yet to go through the entire template of remuneration for various assignments, but one thing which he had noticed was that very marginal increase had been recommended in the evaluation of Ph.D. thesis. He remarked that it looked very substantial when the remuneration for paper-setting is increased from Rs.300/- to Rs.750/- for postgraduate classes, but nobody knew as to how much labour they had to put in for setting five to ten question papers in a month. Moreover, it is a sensitive job and if somebody set a faulty question paper, people sought his/her blood. He urged the Vice-Chancellor to look into all these aspects while finalizing rates of remuneration for various assignments.

Shri M.L. Aeri stated that first of all he would like to congratulate the University and the Vice-Chancellor for the budget and the grants which he has fetched for the University. As the patents enhance the image of the University at the national and

international level, he wanted to know as to how many patents had been registered by the University during the last one year. Further, if they had to take the University to the new heights, they had to provide more consultancy services for generating more revenue for the University. He also urged the Vice-Chancellor to use his good offices for getting the grants released to the affiliated Colleges from the Governments so that the examinations are conducted smoothly.

Shri Deepak Kaushik appreciated the efforts made by the Vice-Chancellor for making the financial position of the University sound. Now a substantial amount came to the University as grants. He stated that the medical advance should be given to the extent of 80% of the estimated expenditure by the P.G.I./Government Hospital or the present limit of advance of Rs.1 lac should be increased to Rs.2.50 lac. Referring to the renovation of administrative Block, he said that the employees are working in the atmosphere, environment, conditions which are not conducive for working. He did not know whether the Semester System would be successful especially keeping in view the large number of vacant posts. The air-conditioning of the Administrative Block has not been done. He pleaded that the post of Assistant Registrar in the RRC should not be abolished; otherwise it would affect the working of the University.

Dr. Kuldip Singh congratulated the Vice-Chancellor for the budget as the University was growing in various dimensions. He said that the increase in the remuneration rates was too meagre and the rationale of increase was also not understandable, it being 10%, 20% and 30% in different categories. Though the conduct of examinations, evaluation, etc., are part and parcel of their duties, remuneration should be attractive, so that they are encouraged to do the same. In the budget, the income from various examinations was shown to be Rs.54.53 crore, whereas the expenditure was Rs.11.50 crore, which showed that the University had earned Rs.43 crore more than the expenditure. He suggested that the rates of remuneration should be reviewed through a Committee by including people from the Colleges. Referring to the comments of Vice-Chancellor that he felt pained that some persons are using the press for their own purposes, he said that they were living in a democratic country and their each and every action is watched by the Press. He remarked that the Press had its own liberties.

The Vice-Chancellor said that he had due regard for the Press.

Shri Munish Verma urged the Vice-Chancellor to keep in mind the religious days while fixing the meetings of Syndicate and Senate. He also appreciated the Vice-Chancellor for presenting a growth oriented budget. He hoped that next year also the budget would be presented by Professor R.C. Sobti.

Shri Prabhjit Singh complimented the Vice-Chancellor for presenting a good budget. He also welcomed the revision of rates of remuneration for various assignments. He urged the Vice-Chancellor not to take seriously what appeared in the press because it was the duty of the press people to give news/stories. Moreover, if something was published against the University, the Director, Public Relations was there to issue rejoinders contradicting the story. He further stated that no clarification had been given during the last two months. Even if the Chancellor had constituted a Search Committee for the appointment of the new Vice-Chancellor, sending panels for the various selections and Inspection Committees to the affiliated Colleges should continue. The result of the test conducted by the University in February 2012 for filling up the posts of the Clerks should also be declared. When the University could conduct the test and declare the results of 74,000 candidates for the posts of Food & Supply Department of Punjab Government within a week, why the result of its own posts is pending for the last one and a half month. Public was asking them the reason, but they had no reply. There is acute shortage of non-teaching staff because no recruitment had been made for the last 14 years. Resultantly, the Roll numbers have not been reaching the students. They could well imagine the situation when the semester system would be introduced at all levels.

He pleaded that all the problems relating to the non-teaching employees should be solved so that it did not have any impact on the image of the University.

Dr. Dharinder Tayal complimented the Vice-Chancellor for presenting extremely well-managed budget. Keeping in view the all-round developments made by the University, a Nobel Laureate should be invited to visit the University during the coming year. He stated that UIAMS had done very well in the earning of revenue for the University for which it should be complimented because Management education in the neighbouring universities was going down. A negative news had appeared in the press that how to collect money should be learnt from the Panjab University. Whatever be the reason, he felt that a press release should be issued reasoning as to why the result of the test conducted by the University for filling up the posts of the clerks had not been declared. It was something which must be taken seriously so that impression to the public is given that it was not a money minting exercise. In addition, the result of the test conducted by the University in February 2012 should be declared without any further loss of time and thereafter applications for the recently advertised posts should be accepted.

Referring to Sub-Item 5, Dr. Dharinder Tayal raised the issue of ex-cadre posts. The persons on these posts had previously been equated with clerical staff and provided the same grades. It should be ensured that this policy continues while accepting the current recommendations of the Board of Finance.

Shri Gopal Krishan Chatrath suggested that the persons working on the ex-cadre posts should be absorbed so that this problem did not recur.

Referring to Sub-item 6, Shri Prabhjit Singh said that, earlier, the Head Cooks of Punjab Government were at par with the House Keepers of the U.T. Administration. But now there is disparity between them. There were only 3-4 persons in the Panjab University and the same should be brought at par with the House Keepers of U.T. Administration; otherwise, an anomaly would be there.

**The Vice-Chancellor said that the points raised by Dr. Dharinder Tayal and Shri Prabhjit Singh would be looked into.**

Dr. P.S. Gill congratulated the Vice-Chancellor for presenting a good budget. He stated that the facility of encashment of 10 days leave while proceeding on LTC should also be extended to the College teachers. He pleaded that a letter to this effect should be issued by the University to all the affiliated Colleges, being a regulatory body. The cases of approval of teachers of D.A.V. College, which had been kept pending due to lack of co-ordination between the D.A.V. College and D.P.I. (Colleges), U.T., Chandigarh, should be expedited and approval be given. One of the approval cases is pending with the Dean, College Development Council, for the last more than one year. In fact, the problem was that the post was advertised on regular basis, but the Selection Committee recommended the appointment of the candidate on temporary basis but likely to continue. He further said that 50% concession in tuition fee in self-financing courses being granted to the wards of University and Colleges employees should also be given to the wards of retired College teachers. In addition, the same fee, which is being charged by the Ankur School from the children of University employees, should be charged from the children of College teachers.

Professor S.K. Sharma stated that he must compliment the University for making the pension as a part of the Budget, which was impossible but was made possible. The employees are now happy. But there is one road block, i.e. Pension Committee. As said by Professor Akshaya Kumar, the increase suggested in remuneration for evaluation of Ph.D. thesis is very small, especially when the University was pressing for appointment of one examiner from abroad. In view of the meagre amount of remuneration for evaluation of Ph.D. thesis, certain examiners said that okay keep this remuneration yourself.

According to him, Ph.D. was the most important component of the research and prestige of the University.

Dr. Gurmeet Singh referring to revised estimates mentioned in the budget stated that earlier a sum of Rs.1.343 crore was allocated for students support services, whereas presently only a sum of Rs.1.329 crore had been allocated. Though the decrease was not much, it should not be there keeping in view the escalation of prices. Moreover, the proportion of increase in stipend to JRF and other Fellowships was also less. He was under the impression that if a student cleared the Ph.D. entrance test and obtained rank one in the subject, he was enrolled for Ph.D. and given fellowship, what later on he realized that the Fellowship was given only to the ten students. However, later on the number of fellowships was increased from 10 to 20. He further stated that comparison of Panjab University should not be made with universities like Punjabi University, Guru Nanak Dev University, etc.; rather its comparison should be made with J.N.U., Delhi. Keeping in view this fact, he pleaded that stipend should be given to all the students who cleared Ph.D. entrance test and secured rank one in their subject. Similarly, the freeship/scholarship should also be increased from 20 to 30. He further pleaded that since now the University had enough money, each and every SC/ST student doing Ph.D. should be given fellowship.

Continuing, Dr. Gurmeet Singh appreciated the Vice-Chancellor for providing education loan subsidy on the basis of Merit-cum-Mean basis out of the interest earned on the corpus of Rs.1 crore to the students who had taken education loan from any Nationalized Bank for undertaking graduate/postgraduate courses in the University. As per the guidelines, the amount of education loan subsidy was Rs.16,000 per annum, per student. According to him, this fund was not being utilized fully. He requested that the data about the utilization of this fund should be provided to him. So far as food subsidy was concerned, he enquired as to how many students were getting food at the subsidized rate of Rs.10/-. He suggested that the rates of subsidies should be fixed after looking into the J.N.U. structure that how the better food is being provided on less prices. Instead of giving the food subsidy amount to the contractors, it should directly be given to the students.

On a point of order, Dr. Kuldip Singh stated that what to talk of giving scholarship to the topper of the Ph.D. Entrance Test, a student who stood first in the Entrance Test in the subject of Political Science had not been enrolled for Ph.D.

Dr. Rabinder Kumar Sharma stated that he would further like to take up the scholarship issue. One of the Committee constituted by the Vice-Chancellor had recommended a scholarship of Rs.150/-. He enquired as to what was the relevance of Rs.150/- now a days. He pleaded that under the circumstances amount of scholarship should be increased. As far as increase in remuneration for various assignments and grant of benefits to the retirees are concerned, that was appreciable. As far as promotion of social sciences are concerned, to his mind, the University authorities are taking keen interest for the promotion of social sciences, but not as much as that of sciences. He enquired why different yardsticks were being applied in the case of social sciences. This needed to be looked into. He further stated that promotions under the Career Advancement Scheme had been kept on hold for quite some time and this issue had already been raised by Professor Akshaya Kumar and others and he was in agreement with the views expressed by them. Referring to U.G.C. Scholarships, he said that irrespective of sciences and social sciences, all the scholars in the University are making hue and cry for not getting the scholarships. They must have met the Vice-Chancellor, Registrar and the F.D.O. in this regard. It was also learnt that funds of scholarship were being diverted to other budget heads, which needed to be looked into. The teachers who are appointed on contract basis were not being paid for a long time as their salary bills were not cleared for two-three months.

The Vice-Chancellor said that the position was otherwise. In fact, the payment to the scholars was made by diverting funds from other budget heads.

Dr. Dayal Pratap Singh Randhawa congratulated the Vice-Chancellor for presenting a very good budget. He suggested that the facility of Wi Fi should be upgraded to that of Wi-Max as there were a lot of problems in the functioning of Internet especially in the library. Keeping in view the increasing number of library goers, the extension in the library block has not yet been undertaken. The date of declaration of result should be mentioned in the date-sheet itself. He pointed out that the migration of a girl student from abroad should be allowed as 80% of the syllabus studied by her was similar to that of the syllabus of Panjab University. He was also in favour of evaluation of teachers by the students, so that teachers are more responsible towards students. Similar demand had been made by the Students Council long-long ago. The case of a Ph.D. student, Ms. Mukesh Lata, of Punjabi Department was still pending. The same should be expedited as she had already suffered a lot.

Dr. Dalip Kumar congratulated the Vice-Chancellor for presenting a balanced budget. In the budget, a lot of things pertained to the students and teachers of the campus only. A lot of appreciation had been recorded for the faculty of the University for securing research projects from various funding agencies. The teachers and students of the affiliated Colleges are also doing very well on this front. Many College teachers/students had also made several achievements during the last year. He had also asked a question about the persons from the affiliated Colleges who had excelled at the national and international levels, but had not received any reply. Referring to the incident occurred on 15<sup>th</sup> May 2011 during the visit of a Flying Squad at Guru Nanak College, Ferozepur, he said that the members of the Flying Squad had done extraordinary work for the reputation of the University at the cost of their lives. The members of the Flying Squad should be issued appreciation letters by the University. The University had revised the rates of remuneration for various assignments. However, there was an immediate need to review the proposed remuneration pertaining to conduct of examinations, so that it could be brought at par with CET because Superintendent, Deputy Superintendent and other supporting staff had to do a lot of work right from morning to evening.

Continuing, Dr. Dalip Kumar said that there is no mention about the increase in the honorarium for the members of the Inspection Committees for affiliation of Colleges and the same had been kept at Rs.700/-. He pleaded that it should be increased proportionately. Dr. P.S. Gill had rightly pleaded that the same fee in the Ankur School should be charged from the wards of College employees as was being done in the case of University employees. It would not make much difference as there were only seven students. The general fee in the said School was Rs.1500/-, whereas it was only Rs.750/- for the wards of University employees. He further said that the approval case of Smt. Neelam Thind of Government College for Girls, Sector 11, Chandigarh, which was pending in the University for the last many years, should be expedited because she was retiring in August 2012.

Dr. M. Shakeel Khan stated that the University authorities had solved many problems of the pensioners. All those benefits which had been given by the Punjab Government should be given to the pensioners of the University and it should be incorporated in the regulations. As the University had made the pension effective from 24.10.2005, all the arrears on account of age old pension, etc., to the pensioners should be given from that date. As stated by the Vice-Chancellor that the Regulations of the U.G.C./MHRD would be implemented in toto. In fact, a provision existed in those regulations that full benefit of pension would be given to the person who had put in minimum of 20 years' service.

Dr. I.S. Sandhu said that the remuneration rates of the Centre Superintendent and Deputy Superintendent for the conduct of examinations is very low and needed to be revised because of the low payments teachers prefer evaluation than performing examination duties. As the teachers do not report for examination duties, the coordinators were compelled to appoint the supervisory staff from outside the College/s.

Similarly, the rates of remuneration of the Observers, paper-setters and evaluation of Ph.D. thesis are very meagre. He is thankful to the Vice-Chancellor for giving approval to the teachers, who had been appointed on the basis of M.Phil. and Ph.D. qualifications, but there are still some cases which are pending in the office of the University. Either these cases should be approved or rejected but should not be kept pending. The probation period of certain teachers is going to be over and the Colleges could not extend the probation period beyond two years. One case of D.A.V. College teacher was pending with the Registrar since May 2011, the decision on this case should be taken at the earliest. He pointed out that the geysers and flushes in the Faculty House are not in working order in the absence of overhead water tanks.

Professor Shelley Walia appreciated the Vice-Chancellor for taking initiative in giving some kind of incentives to the teachers. He just wanted to submit that the message they wanted to give to the rest of the country and the world was that there is no lopsided development in their approach to various disciplines in the University. To his mind, all original knowledge had come from humanities and social sciences and that had emerged as a growing economy and coming from scientific world. Let them not ignore the humanities and social sciences. The people from humanities and social sciences should not feel that they are second class citizens in their own country. His argument was that since the whole research grant was coming from the government, incentives should be given equally to those who are going in for research. He suggested that research grant of Rs.20,000/- should be given to all irrespective of the discipline. He drew the attention of the House towards spending and idea of having certain budget provisions. To his mind, the most important feature of the University is academic publications and they had a Publication Bureau in the University. If they look at the Universities all over the world, including European and American, every University had its own Publishing House.

The Vice-Chancellor said that a sum of Rs.1 crore had been sanctioned for upgradation of the Publication Bureau but the money remained unspent for the last two years. He added that a sum of Rs.1.3 crore was sanctioned to the P.U. Press, but somehow the progress made is slow. However, he said that Committee members have visited Presses of various universities, so that they could upgrade the University Press accordingly.

Continuing, Professor Shelley Walia extended his heartiest compliments to the Vice-Chancellor for getting huge funds in the University. He said that he wanted to suggest that there was a need to bring in structural changes in the Publication Bureau, so that it could produce quality publications. He further suggested that all the Deans should be made members of the Publication Bureau Committee.

Professor Akshaya Kumar said that if they look at the list of persons who had visited the University during the last few years, none is from Arts and Social Sciences.

The Vice-Chancellor said that the departments were asked to send details on the issue, but none provided the same despite reminders.

Dr. Kuldip Singh pointed out that he would like to draw the attention of the Vice-Chancellor that grant for the last two quarters had not been released to the aided College by the Punjab Government. If it was not released today itself, it would lapse. He, therefore, requested the Vice-Chancellor to talk to the Chief Minister or Finance Minister of Punjab or their Secretaries for release of grants immediately.

Professor S.K. Singh said that the point he wanted to discuss in the House had already been raised by other members.

Ms. Jasvir Kaur Chahal appreciated the Vice-Chancellor for preparation of a very good budget. She enquired whether the research grant of Rs.20,000/- mentioned in the budget would be applicable in the case of College teachers as well. The teachers and students had put in hard labour while working till 11.00 p.m. in 'Avsar', but neither any

appreciation had been extended to them nor press release given. She urged that they should at least be appreciated by the Senate. She further pleaded that the Committee under the Chairmanship of Dean, College Development Council constituted to streamline the fines imposed on the Colleges should examine the issue in depth and take it to the logical end. She added that recently a Committee visited her College, which directed the College to appoint a Lecturer which, according to U.G.C. norms had not been specified. No fine should be imposed on her College on this count. She appreciated the University authorities for introducing computerization in evaluation system, but she felt that some sort of refresher and orientation course should be given to the persons who are involved in it, so that the system is made successful. Referring to enhancement in the rates of remuneration for various assignments, she suggested that the increase should be in the same proportion in all the cases as it varied from case to case e.g. 10% in the case of waterman, 100% in the case of Centre Superintendent. She further said that upkeep of the Student Holiday Home at Dalhousie is negligible. Despite having decided to visit by the University team, none visited at Dalhousie. Referring to the courses being run in University School of Open Learning, she said that the Vice-Chancellor had added another feather in his cap by getting recognition of the national body. She further pointed out that nothing had been done for starting a Diploma in Naturopathy. Referring to the budget allocations, she said that she was sorry to point out that there was no provision for facility of drinking water, wash room, etc. for the general public. She pointed out that provision for establishing the teaching lab. should have been made in the budget for the Institution of Educational Technology and Vocational Education.

Professor B.S. Ghuman appreciated the Vice-Chancellor for presenting a very good budget. He stated that he would like to make a suggestion that 'Naney Kadam' Scheme should also be extended to the social sciences departments. In the last meeting of the Senate, it was proposed that the award being given to the leading scientists should also be given to the social scientists, but no tangible results had been seen. He pleaded that the award to the social scientist should at least be given at the next Convocation. Referring to disparity in the research grant, he said that the researchers of social sciences should also be given a grant of Rs.30,000/- as was being made available to the researchers from science departments as the research in the social sciences also needed to be appreciated and they should not be given peanuts. The Departments which had procured grants under SAP, COSIST, etc. programmes of the U.G.C. should be appreciated irrespective of the fact whether they belong to sciences or social sciences.

Shri Gopal Krishan Chatrath congratulated the Vice-Chancellor for preparing such a balanced and promising budget. Though care had been taken for everything but he still requested that five year law course being offered at UILS should be strengthened as it was being crowded by the non-law people. Resultantly, all the efforts of the teachers of the Department of Laws and UILS had gone waste. Thus, there was much scope for expansion in both these departments. There was a lot of space for expansion. Referring to the problem of parking at the Campus, he said that there are certain grounds which could be developed into parking, the need was only to identify them. The idea of multi-storey parking could be explored as majority of the teachers and students had started coming in their own cars. He further stated that while making a provision for a self-financing course, they must provide a post of Deputy Registrar, Assistant Registrar, Superintendent and Personal Assistant, etc., who might not sit in the concerned department but in the Administrative Block, as the entire work could be done by them from there. Though the scholarship for sport persons had been enhanced, they are far behind from other universities. Punjabi University was spending a lot of money for the sport persons and in the coming years, the Panjab University would have to face a big challenge from the universities of Haryana as the Hon'ble Chief Minister, Shri Bhupinder Singh Hooda had provided lot of funds to the Universities of Haryana, whereas they had not been able to get any money for the purpose from the Punjab Government. The players of national and international levels could not sustain with the meagre money which is provided to them. Earlier, the students, who got Gold Medal at M.Sc./M.Phil. level, were sure of getting job in the University, but now the position is otherwise. To attract good students, they must ensure that a topper of Panjab University is placed at

least above those who came from other universities. He appreciated the Vice-Chancellor for presenting a balanced and well prepared budget where no scope was left for criticism and he had only added supplementaries.

Dr. Dinesh Talwar stated that he raised the issue of enhancement in the rates of remunerations for various assignments in the meeting of the Syndicate held on 29.2.2012 and was thankful to the Vice-Chancellor for bringing the proposal regarding enhancement in the rates of remuneration to the Senate. As pointed out by Dr. Kuldip Singh, the increase in the rate of remuneration for Centre Superintendent, Deputy Superintendent and Assistant Superintendent was not up to the mark and needed to be revised upward, otherwise, they would prefer to perform evaluation duty. He agreed with Shri G.K. Chatrath for increase in the scholarship for sports persons. A player of Punjabi University who got medal in the Common Wealth Games had been given a prize money of Rs.50,000/- by that University. One of the sportsperson of this University had failed in the examination as he had to attend camps and participate in the tournaments. He pleaded that a special examination for such like players should be conducted by the University so that they should not suffer.

**The Vice-Chancellor said that general guidelines for admissions and examination for sportspersons would be prepared.**

Shri Ashok Goyal congratulated the Vice-Chancellor for increase of figures of grants, expenditure and revenue, for which the Vice-Chancellor had made strenuous efforts. He expressed his thanks for bringing a budget which really makes everybody happy. However, he would like to pointed out certain discrepancies. While preparing and proposing the hikes in the budget they had to change their mindset. The rates of remuneration for Centre Superintendent had been increased from Rs.495/- to Rs.700/-, whereas in the case of Administrative Officers (Class A Officers) the rates have been revised from Rs.495/- to Rs.600/- which was not justifiable. That way they were caring for the teachers only and not for the non-teaching staff. The increase in the rate of remuneration for the supervisory staff was 40% in comparison to Daftries, Waterman, Cleaners, which was 19%. He was of the view that the %age of increase in the case of lower categories should be in more proportion. Secondly, in the budget especially in the case of self-financing courses, the figures which had been given in the case of Regional Centres showed as if they are self-financing regional centres. That was why the revenue has been given in the consolidated fund and expenditure had been given separately, which did not depict the real picture whether a course is alive or not. Thirdly, there had never been a separate fund for conducting the entrance test because the CET had to conduct various types of tests including for self-financing courses. In fact, the budget should show as to how much funds had been received and how much expenditure incurred on conduct of a particular test. The members had already raised the issue of recruitment of non-teaching staff. The test for Clerks had already been conducted, but its result had not been declared because of some dispute. The observation that only need based appointments should be made was a dangerous proposition because if there was no need, why the post had been created. The recruitment of teachers and non-teachers had been stalled because of the stand taken by the Vice-Chancellor that the Search Committee for appointment of new Vice-Chancellor had come into being. It was good that the PUTA had clarified that they had no objection for making recruitment against non-teaching posts. Therefore, the result of the test held for the posts of Clerks should be declared immediately, so that appointments of non-teaching staff could be made which was lingering on for years together. The recent advertisement for the posts of Clerks had created confusion. Those who had already appeared in the above referred test, whether they should apply again or not. He pleaded that those who had already appeared in the test should not be made to apply again, but they should be allowed to add the qualifications, etc. This way a message would go to the public that the University was not minting money.

**The Vice-Chancellor said that those who would qualify the test already held, if applied again, their fee would be refunded.**

Continuing, Shri Ashok Goyal stated that the Vice-Chancellor had made a lot of efforts in getting residential accommodation of the teachers and non-teachers renovated. He pleaded that some money should be earmarked for betterment of residential accommodation of Staff at Hoshiarpur. As had been pointed out, provision for development of sports in the University should also be enhanced.

Principal Hardiljit Singh Gosal clarified that he had never made any statement that no recruitment should be made by the outgoing Vice-Chancellor as had been alleged at certain quarters.

Professor Keshav Malhotra stated that he on his own behalf and on behalf of the teachers of Hoshiarpur thanked the Vice-Chancellor for allocating substantial amount for renovation of residential accommodation of the teachers at Hoshiarpur. Simultaneously he urged the Vice-Chancellor to visit P.U. Regional Centre, Ludhiana and Muktsar to take stock of the situation there, especially P.U. Regional Centre at Muktsar, the building of which could collapse any time. Though a promise had been made to develop the parks in the residential area in Sector 25, but nothing has been done so far despite there being a report of the Committee in this regard. He praised the Vice-Chancellor for doing so many things, especially for non-teaching staff including Malis, Sweepers, etc. Certain posts of Clerks were advertised after several years and test conducted by the University, but results of the same had not been declared so far.

On a point of information, Shri Prabhjit Singh enquired as to what was the problem in declaring the results of the clerks test conducted by the University.

Principal Gurdip Sharma congratulated the Vice-Chancellor for presenting a growth oriented budget. He, however, pointed out that no allocation had been made for extension in/creation of parking spaces at the Campus. Resultantly, they had to park their vehicles outside, i.e. on the roads. He urged the Vice-Chancellor to make provision for creation of more parking spaces in the budget. Though he (Vice-Chancellor) along with some other members of the Syndicate visited Students Holiday Home, Dalhousie, no provision had been made for renovation of Students Holiday Home at Dalhousie. According to the space available there, at least four very good rooms could be constructed there. He further said that the Colleges had already contributed much for the construction of College House, but it was yet to be completed. Referring to the enhancement in the rates of remunerations of various assignments, a Committee should be constituted to look into the deficiencies/disparities pointed out by the members.

Shri V.K. Tewari stated that the Vice-Chancellor might recall that in the last meeting of the Senate when the item regarding appointments in the Constituent Colleges was considered, he had argued that these Colleges needed to be promoted fully. The purpose of establishment of these Colleges was to augment enrolment for higher education, but the provision made in the budget is too meagre. He pointed out that against the Contingency requirement of Rs.5 lakh, Rs.3 lakh had been provided in the budget for office and general expenses, which was insufficient. In fact, the allocation for these Colleges had not been made far sightedness. The appointment of Principals in the remaining two Constituent Colleges and appointment of faculty in all these Colleges should be made on regular basis because Guest Faculty would not serve the purpose. It should be told as to how do to propose to increase the budget of these Colleges. Allocation of Rs.50 lac for the renovation of V.C.'s Committee Room was not understandable.

To this, the Vice-Chancellor replied that the amount of Rs.50 lac had been earmarked for the construction of new Committee Room.

Continuing, Shri V.K. Tewari said that the purpose of creation of Foundation for Higher Education had been defeated because the money out of this Fund was utilized for the purposes other than research. This needed to be looked into by a Committee.

Referring to the Revolving Fund of College Development Council, he enquired how the students were being selected for national and international participation? He enquired as to how the expenditure incurred for getting the P.U. News printed was met out of the College Development Fund? As observed by Professor Shelley Walia, when they compared the Publication Bureau of this University with the Publication Bureau of other universities, they found that its production and quality of publications are far-far behind from them. The issue of raising the standard of publications made by the Publication Bureau of the world standard needed to be looked into thoroughly. Since he was a member of the Publication Bureau Committee now, he would be raising all the relevant questions in the meetings. He stated that a Population Research Centre had been abolished by the Government of India and a new Department of Community Education & Development, he did not understand how the University was still receiving grant of Rs.30 lac from the Government of India. As far as enhancement in the rates of remuneration for various assignments was concerned, he was a member of the Committee constituted by the Vice-Chancellor wherein he pleaded with the Registrar to increase the level of remuneration. Of course, whatever had come out had been criticized by those for whom it meant. Now, he again joined them for enhancement in the proposed rates of remuneration. He had been told by Professor Deveshar that though he had deposited the money got from the Department of Education, Government of Punjab with the University, enhanced pension had not been given to him so far and he was terribly agonized about it. When the Registrar is competent to settle such pension cases himself, why he was referring the same to the Pension Committee?

To this, the Vice-Chancellor said that he had not received even a single letter from Professor Deveshar in this regard.

Continuing, Shri V.K. Tewari, referring to raising the quality of research, said that the problem in the submission of Ph.D. thesis by Ms. Mukesh Lata had not been solved as yet as she had been issued a letter by the Chairperson of the Department of Punjabi. Certain members of the House had already talked with respect to lopsided developments which he also observed to be true. He himself had been seeing that during the last four years only sciences had been promoted under the leadership of the Chair and there was absolutely no doubt about it as no focus had been put on the social sciences, languages and arts. He wished this University should emerge as a holistic University.

To this, the Vice-Chancellor said that he (Vice-Chancellor) had been advocating for organizing the Social Science Congress. Since the previous Dean Research was from the Laws, nothing had been done in this direction.

Continuing, Shri V.K. Tewari said that he had met with different Chairpersons and wanted to know from them as to how many seminars/ conferences had been organized by the Languages Departments, but had not been able to find any. What kind of progress they were making? There should be equality between sciences and social sciences and the allocation of research grant to the researchers of all the disciplines should be Rs.30,000/-.

Dr. Karamjeet Singh, referring to Career Progression Scheme for the Ex-Cadre Posts, pleaded that along with three financial up-gradation, the employees concerned should also be given designation and there was no harm in it. Referring to the purchase of uniforms for C-Class employees, he said that there should not be any variation and all the C-Class employees should be given same uniform/money. He appreciated the Vice-Chancellor for adopting the Punjab Government letter regarding encashment of earned leave for L.T.C. He, however, pleaded that the employees, who are retiring within a couple of months and had no time to avail this facility, should be allowed to avail this facility after their retirement as one time exception. As there was great rush and more demand for consulting books and studying in the library, more sitting arrangement should be made by expanding the library. Since there was shortage of accommodation at the Campus, provision for construction of more accommodation should be made.

Dr. Mukesh Arora appreciated the Vice-Chancellor for presenting a very good budget. He stated that there was happiness all around as the Vice-Chancellor had given something to everybody. He thanked the Vice-Chancellor for allocating a sum of Rs.39 lac for the renovation of VVBIS & IS at Hoshiarpur. Earlier, a Committee was constituted under the Chairmanship of Shri M.L. Aeri which made certain recommendations. Moreover, the washroom condition is very pathetic and needed renovation. He, therefore, pleaded that some funds should be made available for the purpose. The remuneration to the members of the Selection/Inspection Committees was being paid at the rate of Rs.250/- since long. He, therefore, pleaded that keeping in view the escalation in the prices, the said remuneration should be increased at least to Rs.500/-. He further said that one of the research students wanted to do Ph.D. under the supervision of Dr. Kirti Vardhan. Though the candidate had been enrolled, the Chairman of Department of Mathematics (Dr. Tomar) was still not allowing him to do so. The matter should be taken seriously. He added that the candidate had also deposited the requisite fee of Rs.1500/- with the University. The Syndicate in its meeting dated 29.2.2012 had enhanced the D.A. rates of the students to Rs.190/- whereas the members of the Senate were still getting Rs.160/- as D.A. Therein, the members had urged that since the D.A. of the students had been raised from Rs.100/- to Rs.190/-, the rate of D.A. of the Fellows should also be raised from the existing Rs.160/- to at least Rs.250/- per day. To this, the Vice-Chancellor had said that the proposal would be placed before the Senate in its next meeting. Continuing, he said that though a lot of improvement had been made in the examination system, there is still scope for more improvement. Earlier, on his Resolution, it had been decided that degrees would be prepared and got ready within three months from the date of declaration of results. Even in the month of March, the degrees of majority of the Colleges had not been prepared by the University which needed to be looked into.

Dr. Pam Rajput thanked the Vice-Chancellor for facilitating her for Nomination on a High Powered Committee constituted by the Union Ministry of Women and Child Welfare, to draft Crucial National Policy on the Status of Women in India and for having been invited on the panel by the White House Advisor, First Secretary on Gender Issues and Global Ambassador on Gender Issues. She stated that two years ago the Vice-Chancellor had promised and announced that a provision would be made for Old Age Home, but nothing had been done so far. Further, the House is divided on the issue of different grants to researchers of Science Departments and Departments of Social Sciences/Humanities. Thus, equal amount of research grant i.e. Rs.30,000/- each should be given to all the researchers irrespective of their Faculty. They should feel proud that researchers were doing a wonderful job in sciences, but they need to look into as to how they could promote research in social sciences and humanities at the Campus. There were no two opinions that social sciences and humanities are being promoted as sciences are. However, when she was Dean, Faculty of Arts, for a period of six months, she did not receive any communication from the university authorities for organizing Social Science Congress. She endorsed the viewpoint of other members regarding declaration of results for filling up various non-teaching posts, including Class IV posts.

The Vice-Chancellor clarified that the responsibility to get Social Science Congress organized was assigned to Professor Shashi Sharma, Dean Research. On a further point raised by Dr. Pam Rajput, the Vice-Chancellor stated that the payment for Special Lecture was made keeping in view the status of the person concerned.

Shri V.K. Tewari informed that huge debris had been thrown in the parking space of Hostel No.1. He drew attention of the Vice-Chancellor towards the bad food provided to the students in the said Hostel.

The Vice-Chancellor said that let them visit the Hostel and have a lunch over there to assess the quality of food provided to the students.

Shri Deepak Kaushik said that as has been requested by several members, the result of the test held for filling up the posts of Clerks should be declared immediately.

The promotion case of S.D.O. (Horticulture) should be again placed before the Senate for consideration.

The Vice-Chancellor said that the first building, which was going to be completed during his tenure, was of the Emerging Areas in Social Sciences and going to be inaugurated in a couple of days. Seven Departments would be housed in that building. The conflict between the Contractor and University has been solved and the work for completion of College Bhawan would be started soon. The various buildings, including building for Music Department, UIAMS, Management Sciences, Youth Welfare Department and Guru Teg Bahadur Bhawan are coming up.

On a point of order, Shri Prabhjit Singh stated that the electricity power load of the University has increased. The U.T. Administration should be requested to install Power Grid in the University. Otherwise, the University might be heavily fined for overloading of electricity.

The Vice-Chancellor said that he had met the Advisor to the U.T. Administrator a few days back and requested him to provide extra space to the University next to the cremation ground in lieu of the land taken by the administration in Sector 25 (land provided to Dainik Bhaskar and Janta Colony). As far as overloading of electricity is concerned, the administration has agreed to install 11 KV Sub Station. Moreover, the administration had also agreed to construct an under-path between Sector 14 and 25. In the meanwhile they had installed traffic lights. Owing to his persuasion, the D.P.I.(Schools) had given recognition to Ankur School. He had also started cleanliness drive of the Campus on Saturday and Sunday.

Professor S.K. Sharma said that the U.T. government had a lot of grant and they are putting 10 MW solar Plant in the Punjab Engineering College (Deemed University), Chandigarh. The University should also take up the matter with the UT Administration for installation of Solar Power System in the Campus.

The Vice-Chancellor stated that a meeting was fixed with the UT administration and he had requested Professor R.K. Wanchoo to attend that meeting, but he could not. Hence, he was not aware of the outcome of that meeting.

The Vice-Chancellor said that whatever proposals regarding grant of incentives to the sportspersons came to him, the same had been approved. The money for indoor Shooting Range had been provided. The Tender Committee headed by D.U.I. was taking care of it. For laying down of Astroturf in the Hockey Ground tenders had already been floated. Fencing of Sports Ground had been started. There was some technical problem in the construction of all-weather Swimming Pool. Sports Hostel for Women is coming up and its ground floor had already been completed. Special awards would be instituted for the sportspersons who bring laurels to the University at the International levels.

Shri Ashok Goyal pointed out that tenders had been floated twice for the construction of all-weather Swimming Pool, but the problem was that there was only one firm which had experience of such type of Pools and only that firm applies against the tenders floated.

Professor S.K. Sharma stated that GMADA was constructing all-weather Swimming Pools. The University should request them to do so.

Principal S.S. Sangha said that the University had not given admission to 7-8 sportspersons and they were admitted by the Punjabi University, Patiala giving them various types of other facilities, including furnished accommodation with ACs. He suggested that at least 5 seats in each course should be reserved for sportspersons who excelled at the international level and 15 seats should be reserved for them in the University Hostels.

The Vice-Chancellor said that Principal S.S. Sangha should give his viewpoints in writing, so that these could be examined. The Guest House of the University is being improved and the D.R. (Colleges) has been directed to look after this job. To mitigate the problem of traffic congestion, buses have been started to fetch the students from Sector 14 and Sector 25. He had also made an appeal that at least for one day they should not use vehicle on the Campus. While deciding about UPE status, the University had been given maximum marks for starting new courses, but they lagged behind in attracting foreign universities. A Committee has been constituted under Dr. Manjeet Singh to look into the aspect of traffic congestion on the Campus. As far as enhancement of remuneration for various assignments, a Committee would be constituted to have a relook and make recommendations and he proposed that he be authorized to approve the recommendations of the Committee on behalf of the Senate. Referring to registration of patents, he stated that over 60 patents had been registered by the University and 5 during the last two years. Referring to enhancement in the Medical Advance, he said that the matter would be looked into. He added that they had increased the medical reimbursement amount by 50 lacs last year. Definitely, they had started giving advance to the retired employees. The Accounts Branch had been renovated and it looked like a corporate house. The next turn is of Colleges Branch. They would not abolish any post whether in RRC or somewhere else, rather they had got sanctioned many new posts. Referring to the news items appearing against the University, he said that though the Press had to do its own job, sometime certain members/persons go to the Press instead of discussing the said issue with him/Syndicate/Senate. They did give clarifications/rejoinders through the D.P.R., but sometime they get published and sometime not. Referring to inviting Nobel laureates to Panjab University, he said that he had constituted a Committee last year, but the Committee did not make any recommendation so far. Whenever the next Science Congress is held, they would invite the Nobel laureates. He had already contacted some of them and they had given their consent. As far as grant of encashment of earned leave for L.T.C. to the College employees was concerned, a letter would be sent to all the Colleges whether they wanted to give encashment of earned leave for L.T.C. to their employees. Referring to grant of approval to the appointment of teachers, he said that whichever cases were placed before him, all had been approved and none is pending with him.

Dr. P.S. Gill pointed out that the case of Ms. Purnima for approval is pending for the last three and a half year.

To this, the Dean, College Development Council clarified that the post was advertised on permanent basis, but the Selection Committee recommended appointment on temporary but likely to continue basis. About three years after appointment the case was sent to the University for approval by the College. In the meantime, the candidate had gone to the court and the matter is *sub-judice*.

Dr. A.C. Vaid observed that in the cases where appointment is made on temporary basis but likely to continue, it is prerogative of the Management to confirm the employee concerned from retrospective effect or not.

The Vice-Chancellor, referring to grant of 50% fee concession to the wards of College employees in the Ankur School, said that he would see as to what could be done. However, he said that Ankur School is being run by an independent body and not even a single penny was being given by the University. Only land is provided by the University.

Shri Gopal Krishan Chatrath stated that Ankur School is the property of the University as it had been created under a decision of the Senate taken during the tenure of Professor R.C. Paul, former Vice-Chancellor. Thus, it is a property of the University.

**The Vice-Chancellor said that they would check.**

The Vice-Chancellor stated that the number of Research Scholarships would be increased from 20 to 30 and the amount of scholarship had been increased to

Rs.10,000/-. A scholar belonging to SC/ST category would get 10,000/- over and above the limit of 30 students. Referring to payment of food subsidy to the students directly, he said that there was a Committee to identify poor students and the cheque of food subsidy is given to the student by the D.S.W. office. The amount of research grant being given to the teachers for research would be increased from Rs.20,000/- to Rs.30,000/- irrespective of the discipline. Regarding filling of posts, the PUTA through a letter had said that the Senators would influence the selections of the teachers and non-teachers and that was the reason he had stopped recruitments. Similar letter had also been received from certain quarters and the same had been passed on to the Dean of University Instructions, which would be considered by the Committee comprising D.U.I., PUTA President, PUSA President and other members. There was no question of separating teacher or non-teacher as they cannot divide the selection process of teachers and non-teachers. The Dean of University Instructions had written on the file that it is a question of propriety. For the last one month no interview had been conducted. The Committee had been constituted under the D.U.I. to make assessment for need-based appointments as one has to determine the need. Since no recommendations had come from the Committee, the House should determine the need-based appointments itself.

Professor Akshaya Kumar stated that when the PUTA executive met the first time, they made a statement that appointments should be made up to December and thereafter no appointments should be made. In January 2012, he apprised the Vice-Chancellor about this decision of PUTA executive. He requested all the Senators to approve those appointments. During the last four years, PUTA had been consistently pointing out the deteriorating positions of the departments. Though about 325 posts have been advertised, there were no agreement on A.P.I. *pro forma*. They had taken a non-populous stand that since API *pro forma* is a U.G.C. document, it should not be tinkered. The University Anomaly Committee and selection procedure is in an orbit. He pleaded that this issue should not be personalized. As far as filling up of non-teaching posts are concerned, they had never raised any objection as they had no mandate about it. They wanted appointments, but not in hurry as they needed best faculty. As far as need-based appointments are concerned, the University authorities were using same argument, which PUTA has used.

Principal S.S. Randhawa said that on the one side the Inspection Committees were putting condition for appointment of certain teachers and on the other side the University had stopped sending panels to the Colleges. Due to this, the Colleges are suffering. The issue of non-recruitment of teachers in the University should not be attached to the affiliated Colleges. If the University did not send panel, but the College made appointments, the University would be bound to approve those appointments.

Dr. Janmit Singh said that since no A.P.I. score *pro forma* was applicable in the case of appointment of teachers in the Colleges, panels should be sent to them.

Shri Prabhjit Singh stated that the House is clear that none is against making appointments of non-teaching staff. If Inspection Committees put condition for appointment of teachers in the Colleges, the University must send panels to them. Appointments, whether made on need-based basis or on the basis of A.P.I. *pro forma*, but they should have faith in the Deans. Pension should be given to the eligible persons whether it is to be allowed by the Registrar or by the Pension Committee.

The Vice-Chancellor said that the straight forward pension cases were being dealt with by the Registrar himself and the complicated one were being referred to the Pension Committee by him.

Shri Satya Pal Jain stated that there is no contradiction as far as recruitments are concerned. Now the PUTA had also clarified its stand that the University should continue with the appointments whether it is of teachers or non-teachers in the University or in its affiliated Colleges, but it should not be done in a hurry. As far as appearance of negative news in the Press was concerned, they should not be much

sensitive to it as publishing of news/stories was the duty of the press people. Press is doing its duty and they should continue to do their own duties and they should not be influenced by them. An impression should not go out that there is difference of opinion between different segments of the University.

The Vice-Chancellor said that let the Committee to determine need-based appointments be represented by the members of the Senate and determine need based appointments.

Dr. Mukesh Arora said that whichever posts with whatever criteria had been advertised, the same should be filled up.

Dr. Kuldip Singh said that sending of panels to the affiliated Colleges should continue and it should not be tagged with the non-filling up of posts of the University.

Dr. I.S. Sandhu enquired if he as President of Punjab & Chandigarh College Teachers Union wrote to the Vice-Chancellor that all the appointments in the affiliated Colleges should be stopped, whether he would do that?

The Vice-Chancellor said that he would see that the result of the test conducted by the University for the posts of Clerks is declared if cleared by the need-based Committee. As far as the issue of international migration is concerned, they would see as to how they could do it. As far as achievements made by the college teachers are concerned, a circular would be issued by the Dean, College Development Council seeking information in this regard. The Syndicate had appreciated the members of the Flying Squad who had made a large number of U.M.C. cases at Guru Nanak College, Ferozepur by putting their lives at stake. He again appreciates them and letters of appreciation would be issued to them by the Registrar. As far as payment of compensation to the members of the Flying Squad is concerned, the College would be asked to reimburse the money spent by them on their treatment.

**The Senate placed on record its appreciation for the work done by the members of the Flying Squad.**

Referring to shortcomings pointed out by the members in the rooms of the Faculty House/Guest House, he would direct the Deputy Registrar (Colleges) to visit Faculty House/Guest House and make recommendation. They would introduce one Bhasha Rattan Award for Languages and one for social sciences. Publication Bureau is being rejuvenated and ultimately the Publication Bureau Committee had been constituted by the Syndicate in its January 2012 meeting. Dean, College Development Council would agree with him that they had done so much for the students of the Colleges and were doing more for them. They had also started computer training to the non-teaching employees and they would continue to do that. A sum of Rs.9 crore has been earmarked for the renovation of the Student Holiday Home, Dalhousie and a Committee had been constituted to make concrete proposal in this regard. They had already done much for the Law students and a sum of Rs.1 crore had been sanctioned for construction of Mute Court. Parking, as much as possible, had already been constructed. However, they would see as to how more parking space is to be created. As far as incentives to the sportspersons were concerned, let recommendations come from the Sports Committee. As far as income and expenditure of CET was concerned, the report would be given to the members. Regarding development of parks in Sector 25, he said that they would definitely do something. So far as construction of building at P.U. Regional Centre, Muktsar was concerned, the Government was to provide space, but due to legal complications, it could not. Now, the Government had promised that seven acre of land of the Government College would be given to the Panjab University. Anyhow, if there was still any problem, the same could be taken care of by shifting P.U. Regional Centre from Muktsar to Kauni. Regarding Constituent Colleges, they had made a budget provision and the Punjab Government had also committed that they would give entire expenditure of the Constituent Colleges. They had taken precautions. However, if Punjab

Government stopped grant, the matter would be taken up with the Chief Minister, Punjab; Secretary Higher Education and Finance Secretary.

Shri Gopal Krishan Chatrath suggested that to ensure flow of money from the Punjab Government, let the expenditure to be incurred on Constituent Colleges be made part of the budget.

The Vice-Chancellor said that Shri K.B.S. Sidhu, Principal Secretary to Punjab Government, Department of Finance had assured that the grant would be released tomorrow. A total requirement of Rs.33 crore, including pending grants for P.U. Regional Centre, Muktsar and P.U. Rural Centre, Kauni, which would be taken care of by the Punjab Government. In fact, in 1999 when P.U. Regional Centre was established at Muktsar, the Punjab Government had promised that they would give grant to the University every year, but had not fulfilled their promise. Till yesterday, they had got a grant of Rs.15 crore only from the Punjab Government.

Principal Narinder Singh Sidhu pleaded that all the vacant posts of the Constituent Colleges should be filled up; otherwise, admissions for the ensuing session should not be made.

The Vice-Chancellor, referring to Fund 'Foundation for Higher Education & Research', said that clear-cut guidelines for the utilization of this Fund had been framed by the Syndicate during the tenure of former Vice-Chancellor Professor T.N. Kapoor. He had already ordered that quality shoes and dresses should be provided to the Class-C employees. A sum of Rs.5 crore had already been sanctioned for the construction of buildings for Student Centre and Library in the South Campus (Sector 25) of the University. As far as creation of more space in the A.C. Joshi Library was concerned, they could not make structural changes because of heritage problem. However, they had already created some space. They are left with very little amount of money as Rs.3.5 crore had to be given to the Dental College for developments. As far as encashment of earned leave for L.T.C. to the College teachers was concerned, the matter would be examined.

**RESOLVED:** That –

1. the recommendations of the Board of Finance contained in the minutes of its meeting dated 21.02.2012 (proposals of the Vice-Chancellor and Items 1, 2, 3, 4, 5, 6, 9, 10, 11, 12, 13, 14, 17, 18, 19, 20, 22, 23, 24, 25, 26, 27, 28, 29, 30, 32, 33, 34, 35, 36, 37, 38 and 39) as endorsed by the Syndicate dated 29.02.2012 (Para 3) and the proposals made by the Vice-Chancellor, be approved.
2. the Vice-Chancellor be authorized to sanction funds from within the overall approved Budget Estimated Deficit wherever necessary, for reasons to be recorded.
3. the rate of D.A. to the Fellows be increased to Rs.300/-.

The House adjourned for the lunch.

As soon as the House reassembled after lunch, Shri Ashok Goyal stated that he should be allowed to speak on the issue of Pension, a reference to which had already been made by 2-3 members, including Shri V.K. Tewari, during the Budget discussion.

Shri Gopal Krishan Chatrath along with certain other members said that since the item is not on the agenda and the Budget already stood approved, nobody could be allowed to speak at this stage. Few members were of the view that the point which Shri Goyal wanted to raise might be taken up during the Zero Hour discussion.

The Vice-Chancellor asked Shri Ashok Goyal to speak.

Shri Ashok Goyal stated that, during discussion on the Budget, Shri V.K. Tewari had raised a very pertinent point that when the Statutory Powers with regard to grant of pension are vested with the Registrar, why certain cases had been referred to the Pension Committee and were pending with it for quite some time. He remarked that Pension Committee may or may not meet frequently. Though one of the persons was not eligible for grant of pension, he was recommended for grant of pension by the Pension Committee, which was approved by the Syndicate as well. According to the officials of the University, Pension Regulations are ambiguous, but as far as he knew the Pension Regulations are explicit but it was only a question of interpretation. Since the officials of the University found ambiguity in the Regulations, it is the Registrar only, who in fact preferred to refer some issues to the Pension Committee which he is not able to settle at his own level and nothing is wrong in it. As far as referring the cases to the Pension Committee are concerned, which were clear, he was against that. But one thing he wanted to bring to the notice of the House that as per the Regulations, it is Syndicate which is the authority to sanction the pension. But unfortunately, it is the Senate which resolved to delegate the power of the Syndicate to the Registrar instead of Syndicate delegating its own power to the Registrar, which, of course, in his opinion is not right. Why the Pension Committee was made to consider some of the cases time and again? He had earlier and now also says that it should not be taken as a personal case rather it is a question of sanctity of the Regulations. When the cases were considered by the Pension Committee he had pointed out that there was some confusion about the qualifying service of ten years. As per Regulations, it was mandated that one to be eligible for pension he/she has to put in a service of ten years in the Panjab University and the Calendar was also clear about it. What was the definition of qualifying service, the service must be rendered in the Panjab University and the same must be paid by it. Some of the teachers and non-teachers are now demanding that the service which they have rendered in Panjab University but not paid by the Panjab University should be calculated for grant of benefit of pension. The dispute was that whether the service rendered in other institutions could also be counted as part of qualifying service. The Pension Committee took a decision that a clarification be sought from the Punjab in this regard, but somehow thereafter the minutes of the meeting of the Pension Committee were changed and it was recorded that Shri Ashok Goyal and Shri V.K. Sibal were of different opinion, however, the Committee Resolved to count the service and if Shri Ashok Goyal wanted to take up this matter, he may take up the same with the University authorities separately notwithstanding that he was also a member of the Committee. The recommendation of the Committee, not the opinion of the members of the Committee, were taken to the Syndicate and the Syndicate approved the recommendation, wherein probably in rarest of the rare case, the Vice-Chancellor also recorded his dissent and dissociated himself from the decision. A note was put up to the Vice-Chancellor that in view of the fact that the Vice-Chancellor had dissociated from the decision, should the item be treated as passed or not. Now, those pages with the noting of different officials which were sent to the Vice-Chancellor, had been removed from the file and new ones had been incorporated by changing the noting there giving the same numbering, which were given to earlier pages, and the signatories had also changed. He had never heard such kinds of fraud till date in the history of the Panjab University. Once the power had been given to the Registrar, what was the need of the Committee? He demanded that an enquiry should be ordered right now and if he was proved wrong, he was liable to be punished by the Senate and if he proved to be right, he had every right to know what action the Senate propose to take against the conspirators, who committed this fraud. He was capable of establishing what he was saying and was true. In such circumstances, that person was sanctioned benefit of pension and the Vice-Chancellor had dissociated himself to overcome that objection and fraud was committed. Though

pension was sanctioned in that case, there were several similar placed cases which were placed before the Pension Committee in the same meeting, but were never dealt with by the Committee. Subsequently, more such cases started pouring in. He pleaded that that case should be relooked into and if some mistake had been committed, the same should be corrected instead of following wrong action taken maybe by the Registrar, Vice-Chancellor, Syndicate or the Senate. Why he was saying so because there is Regulations 3.1 and 3.4, which is divided into two parts, i.e. (i) and (ii) and that Regulation related only to those who are absorbed in the Panjab University service and it is not for those who are appointed in Panjab University. There are three ways of recruitment, i.e. (i) by way of direct recruitment; (ii) by way of transfer or deputation; and (iii) by way of promotion. There are cases where the persons had come on deputation and subsequently absorbed in this University and that Regulation related only to those who are working here in some capacity or the other, but not to those who are working in capacity of permanent employees because only those are absorbed who come on deputation or got transferred from other institution. This option is given to the persons not to put them at disadvantage and it did not matter whether they had come from those institutions where benefit of Provident Fund was in existence.

Shri Gopal Krishan Chatrath said that he had got a copy of the decision of the Syndicate at Page 57 of its meeting held on May 27, 2006 and handed over a copy of the decision to the Vice-Chancellor.

Professor Keshav Malhotra, Shri Prabhjit Singh and Shri V.K. Tiwari stressed that an enquiry should be made with regard to missing of pages of noting from the relevant file. To this, the Vice-Chancellor said that the file came to him. Since he had nothing to do with it, he returned the file.

**The Vice-Chancellor said that the matter would be looked into and needful would be done.**

**(Syndicate dated 29.2.2012, Para 2(xiii))**

The Vice-Chancellor said that several complaints were made to different quarters, including Chancellor and the same had been got enquired into by a Committee. The recommendations of the Committee were considered by the Syndicate in its meeting dated 29.02.2012 and the Syndicate unanimously recommended that the report be accepted. Now, the report of the Committee was before the Senate for consideration.

Dr. Dalip Kumar stated that the appointment of Professor Naval Kishore as Dean, College Development Council, on regular basis was a welcome step. In fact, the University had now appointed regular Dean, College Development Council, after retirement of Shri B.D. Budhiraja. He suggested that an official vehicle should be provided to him so that better co-ordination is made between the University and its affiliated Colleges.

**The Vice-Chancellor said that the issue regarding providing official vehicle to the Dean, College Development Council, would be looked into.**

**The members thanked and congratulated the Vice-Chancellor and the selection Committee for recommending an efficient and capable person for appointment as Dean, College Development Council.**

**UNANIMOUSLY RESOLVED:** That –

- (i) the report of the Committee dated 27.2.2012, with regard to selection for the post of Registrar and Dean College Development Council, be accepted.

**C-13.** That teachers of affiliated Colleges be allowed to attend only two seminars not exceeding three days each time during an academic year.

**(Syndicate dated 29.02.2012 Para 3)**

Dr. Karamjit Singh stated that the item before the Syndicate was to consider the recommendations of the Board of Finance, whereas the decision taken was something else, which was inappropriate. As such, the item under consideration should be withdrawn.

**RESOLVED:** That the **Item C-13** on the agenda, be treated as withdrawn.

**XI.** The recommendation of the Syndicate contained in **Item C-14** on the agenda was read out, viz. –

**C-14.** That the UGC's CAS Proforma for the Librarian/Deputy Librarian/Assistant Librarian and University Director/Deputy Director/Assistant Director of Physical Education, be adopted in toto.

**(Syndicate dated 31.1.2012, Para 8)**

Dr. Gurmeet Singh stated that when the API score came in 2010, it was apprehended that the promotion of teachers would be stopped. It was a U.G.C. template. The University did an exercise for about two years to prepare its own template, which according to him, was wrong. The Vice-Chancellor at that time took a stand that the template of the U.G.C. should not be altered. Thereafter, a meeting of the General Body of the PUTA was held. Had Dr. Akshaya Kumar taken his stand for what he had now been pleading, the situation being faced by them today would not have been arisen. When the amendment was suggested in the General Body meeting of the PUTA, he (Gurmeet Singh) had said that no amendment should be made in the U.G.C. template. Thereafter, another meeting of the PUTA was held in which they again reiterated that no change should be made. Thereafter, the matter was referred to the Standing Committee constituted by the Vice-Chancellor. In the last meeting of the Senate it was suggested that as far as API score was concerned, U.G.C. be followed. However, if there is injustice to someone, the matter be referred to the Standing Committee to be constituted for the purpose and he was supported by Dr. Akshaya Kumar on the issue. Now, a new template has been developed and uploaded on the University website, which had never been approved by the Senate. No more mockery than this could be done that separate API *pro formas* had been evolved for teachers and library staff. He was surprised to note that the situation had worsen to such a level that University authorities concede to any demand of PUTA. According to him, PUTA was not the ultimate body to decide the administrative matters. He suggested that let the past be buried and the posts which had been advertised according to the U.G.C. qualification should be filled up and he did not foresee any problem even if the University had given a corrigendum. In nutshell, he said that the template of the U.G.C. should be followed and if injustice is done to someone, the matter be referred to the Standing Committee to be constituted for the purpose.

Shri Gopal Krishan Chatrath stated that could they put/imposed any such condition for the promotion of Assistant Librarians and Deputy Librarians which were not allowed before? He suggested that the promotion cases of those Assistant Librarians and Deputy Librarians, whose service time is left only for two-three years, should be looked into by a Committee.

Dr. Akshaya Kumar said that whatever Dr. Gurmeet Singh had said was absolutely correct. However, since it was the decision of the executive body of the PUTA, he was bound to convey the same. Therefore, he had to favour the alterations/modifications in the template.

Dr. I.S. Sandhu said that changing the template of the U.G.C. every now and then is not good. He, therefore, suggested that they should stick to U.G.C.

Principal S.S. Randhawa said that the voting right in the Senate elections should be given to the College Librarians.

Professor B.S. Ghuman stated that the API score is not applicable in the case of appointment of Assistant Professors. Hence, the process for filling up of the advertised posts of Assistant Professors should continue. Referring to the other points, he said that the issue regarding changes in the API scores *pro forma* was discussed in the Syndicate, wherein it was decided to constitute a Committee to consider the issue. Ultimately, the issue was discussed in the Committee under the Chairmanship of Dean of University Instructions. The Committee which evolved the new API score *pro forma* comprised two senior members of each faculty, Deans of all the Faculties and their objective was not to favour any category of teachers. Moreover, its recommendations had come across all the channels. If there was a scope of interpretation, it should be exclusive so that it should not be left to the discretion of different Selection Committees.

Ms. Jasvir Kaur Chahal stated that since different viewpoints were expressed in the Syndicate with regard to the new API score *pro forma*, under the situation either they should stick to the U.G.C. template or the template be prepared by the Committee involving people from the Colleges also because ultimately the Colleges would also be asked to follow the said template.

Dr. Karamjit Singh said that the API score *pro forma* of the University Grants Commission had been diluted. Whatever decision on the issue is to be taken, it should be well thought of.

Shri V.K. Tewari was of the view that they should stick to the U.G.C. API score *pro forma*.

Dr. P.S. Gill suggested that the D.P.I.(Colleges) U.T. & Punjab or their nominees and the Heads of the Departments of the affiliated Colleges should also be involved in the preparation of new template.

**RESOLVED UNANIMOUSLY:** That the U.G.C. API Score *Pro forma* be followed.

**RESOLVED FURTHER:** That the recommendation of the Syndicate contained in Item C-14 on the agenda be approved.

**XII.** The recommendation of the Syndicate contained in **Item C-15** on the agenda was read out, viz. –

**C-15.** That the following faculty members, promoted under Career Advancement Scheme as per UGC Regulations, 2000, which were considered by the Syndicate, vide Para No. and date mentioned against each, be issued letter of promotion:

<b>Sr. No.</b>	<b>Name of teacher/ Department</b>	<b>Promotion as Professor/ Reader/Placement in Sr. Scale under CAS</b>	<b>Date of Promotion</b>	<b>Syndicate Meeting dated &amp; Para</b>

**(Syndicate dated 29.2.2012, Para 4)**

Dr. Karamjit Singh stated that since there was no provision for placement in the Senior Scale, Selection Grade and promotion as Reader after 31.12.2008, the placement as well as grant of designation to above persons needed to be checked.

Shri V.K. Tewari stated that in some cases the University was following the old UGC scheme and some others the new UGC Scheme. In one case, the designation of Reader had been granted on wrong basis. This was a very unfortunate situation and the same needed to be got cleared from the U.G.C. He, however, said that the Panjab University had already accepted and implemented the UGC pay package in toto. He remarked that delinkage of some cases from others was entirely injudicious.

The Vice-Chancellor said that the placement of above persons in the Senior Scale/Selection Grade and grant of designation of Reader was as per the old scheme. However, the point raised by the members would be verified.

**RESOLVED:** That letter of promotion to the above faculty members, promoted under Career Advancement Scheme as per UGC Regulations, 2000, be issued, after verification of the point raised by the members.

**XIII.** The recommendations of the Syndicate contained in **Items C-16, 17, 18, 19 and 20** on the agenda were read out and unanimously approved, i.e. –

**C-16.** That the basic pay of Dr. (Ms.) Anjana Khurana, Assistant Professor, Department of Mathematics be allowed to be fixed at ₹21650/- in the pay-scale of ₹15600-39100 (revised) +AGP of ₹6000/-w.e.f. 7.7.2011 i.e. the date of her joining the Department.

**XIV.** The recommendation of the Syndicate contained in Item C-21 on the agenda was read out, viz. –

**C-21.** That, as per U.G.C. norms, the salary of Part-time Assistant Professors of the Department of Laws, be enhanced from ₹15600/- p.m. to ₹22,800/- p.m. fixed or as decided by the Syndicate.

**(Syndicate dated 29.2.2012, Para 14)**

Professor M. Shakeel Khan pleaded that the persons working on part-time basis in the Department of Urdu should also be paid a sum of Rs.22,800/- p.m. fixed as was being suggested in the case of Department of Laws.

Shri Prabhjit Singh said that as far as payment to part-time teachers is concerned, uniformity should be maintained in all the Departments of the University.

**The Vice-Chancellor said that the matter would be looked into.**

**RESOLVED:** That the recommendation of the Syndicate contained in **Item C-21** on the agenda, be approved.

- (iv) Memorandum of Understanding (MoU), be executed between University Institute of Chemical Engineering & Technology, Panjab University, Chandigarh and Sardar Swaran Singh National Institute of Renewable Energy, Kapurthala (SSS-NIRE).

**(Syndicate dated 29.2.2012, Para 50)**

Professor S.K. Sharma observed that the MoU executed between University Institute of Chemical Engineering & Technology, Panjab University, Chandigarh and Sardar Swaran Singh National Institute of Renewable Energy, Kapurthala (SSS-NIRE) should in fact have been executed between Energy Research Centre, Panjab University, Chandigarh and Sardar Swaran Singh National Institute of Renewable Energy, Kapurthala (SSS-NIRE) as it related to renewable energy and had no relevance with Engineering & Technology.

Dr. Dalip Kumar stated that for the last about 3½ years the Panjab University had executed 19 MoUs with different institutions. He just wanted to know as to what the University had gained from them.

The Vice-Chancellor said that had Dr. Dalip Kumar sent a question on the issue within the stipulated time, he might have been able to reply the same.

Referring to Item **C-33**, Dr. Karamjeet Singh pointed out that the permission to convert to grading system for B. Pharm. and M. Pharm. courses (Credit basis) from the session 2011-12 should be allowed *post facto*.

**This was agreed to.**

Ms. Jasvir Kaur Chahal enquired whether the grading system is being implemented uniformly.

The Vice-Chancellor said that every department of the University had its own separate system.

**RESOLVED:** That the recommendations of the Syndicate contained in **Items C-31, C-32, C-33, C-34, C-35, C-36 and C-37** on the agenda, be approved.

**XX.** The recommendation of the Syndicate contained in **Item C-38**, on the agenda was read out, viz. –

**C-38.** That the following Resolution proposed by Dr. Dalip Kumar, Fellow, be considered:

“Resolved that the Rule contained in Panjab University Calendar, Volume-III, 2009 Chapter XXX(ii) (6) at page 379 may be amended as follows:”

<b>EXISTING PROVISION</b>	<b>PROPOSED PROVISION</b>
15 shall be the minimum number of candidates for creation of a Practical examination centre for B.A. and B.Sc.	<b>10 shall</b> be the minimum number of candidates for creation of a Practical examination centre for B.A. and B.Sc.
The fee for creation of an examination centre is Rs.400/- per candidate to the extent of the short-fall to reach the figure of 15.	The fee for creation of an examination centre shall be <b>Rs.200 per candidate</b> to the extent of the short-fall to reach <b>the figure of 10.</b>

**EXPLANATION:**

- (i) A academic survey of the affiliated Colleges shows that there is usually fall in the number of students in the subjects having practical at the undergraduate level.
- (ii) In the performing Arts subjects viz., Music (V) & (I), Dance, Fine Arts and many subjects under B.Sc. course particularly in Botany, Zoology, Bioinformatics, Microbiology there is extraordinary fall in the student number in these subjects. Consequently the students have to appear at other practical examination centre or have to pay additional fee of Rs.400/- per candidate to reach the figure of 15.
- (iii) The proposed provision would help the students in more academic fashion & attaining practical skills.

**NOTE:** The Syndicate at its meeting held on 31.1.2012 (Para 25) has resolved that the above Resolution proposed by Dr. Dalip Kumar, a Fellow, along with explanatory note be forward to the Senate with the remarks that it should be accepted.

**(Syndicate dated 31.1.2012, Para 25)**

Professor S.K. Sharma said that the proposed reduction in the minimum number of candidates for creating of a Practical Examination Centre needed to be re-looked.

**RESOLVED:** That the above Resolution proposed by Dr. Dalip Kumar, Fellow, be approved.

**XXI.** The recommendation of the Syndicate contained in **Item C-39**, on the agenda was read out, viz. –

**C-39.** That, in order to ensure sufficient infrastructure, following requirements be fixed for starting of Bachelor of Library and Information Science course by the affiliated Colleges:

1. The Bachelor of Library and Information Science is a Professional course which would require an adequate University Library System to act as a workshop for the students of Library and Information Science.
2. Being highly Technical course the students of Library and Information Science would require a supportive collection of Library Tools such as Reference Tools, Library Classification Schedules, Library Classification Schemes, Library Cataloging Tools, list of subjects Headings and other pertinent Library materials.
3. As such curricular Module pertaining to Bachelor of Library and Information Science would necessitate students to make regular use of Computer Lab. The provision of a well-equipped Computer Lab. is also desired.
4. Prior provision of Faculty with strict adherence to UGC Guidelines is also strongly recommended.
5. In addition to the above the practice of Library and Information Science Education would also need appropriately equipped Class Rooms.

**(Syndicate dated 29.2.2012, Para 42)**

Dr. Tarlok Bandhu suggested that the University Library should be digitalized.

**RESOLVED:** That the recommendation of the Syndicate contained in **Item C-39**, on the agenda, be approved.

**XXII.** The recommendation of the Syndicate contained in **Item C-40**, on the agenda was read out, viz. –

**C-40.** That the recommendations of the Committee dated 4.01.2012, constituted by the Vice-Chancellor to work out the modalities for introduction of semester system in the Colleges, be approved.

**(Syndicate dated 29.2.2012, Para 58)**

Dr. I.S. Sandhu stated that the Committee was constituted to work out modalities for implementation of Semester System in the affiliated Colleges at Postgraduate level. Neither the Committee nor the Senate had approved the implementation of Semester System at the Undergraduate level in the affiliated Colleges from the session 2013-14. In fact, the Senate in one of its earlier meetings had decided that the merits and demerits of Semester System at the Postgraduate level should be studied and thereafter, if need be, it

should be implemented at the Undergraduate level. He suggested that before implementing the Semester System at Undergraduate level, feedback from the Principals, teachers and students should be sought. He demanded that the letter written to the affiliated Colleges in this regard should also be withdrawn immediately.

The Vice-Chancellor said that the point raised by Dr. I.S. Sandhu was well taken.

Professor Akshaya Kumar stated that they themselves in the University were facing great difficulties in the Semester System as the working days had reduced considerably. Keeping in view the set of holidays and less number of working days, the Academic Calendar recently passed by the Syndicate needed to be re-drawn.

Dr. Gurmeet Singh stated that there were no two opinions that there are a large number of holidays, but he would like to tell that they had suggested that the practice of having autumn break should be discontinued as there was no autumn season in our country. It would enable the students to study without break. When this issue was discussed in the meeting of the Academic Committee, Dr. Gill had supported him. According to him, Semester System would not progress unless they change their mindsets. Continuous evaluation, internal system of examination and evaluation were the basic requirements of the semester system and if anyone of these is not adopted, they would definitely face problems.

Agreeing with the viewpoints expressed by Dr. Gurmeet Singh, Professor Akshaya Kumar said that semester system would only be successful if complete autonomy is given to the Departments.

Dr. I.S. Sandhu emphasized that the semester system should not be implemented in the affiliated Colleges at the Undergraduate level.

The Vice-Chancellor stated that on the one side they say that the University should be brought to the top and on the other side they are not allowing the University to implement the semester system, which was one of the four conditions of the U.G.C. for seeking grants from it.

Principal Hardiljit Singh Gosal stated that the introduction of semester system at the Undergraduate level would definitely face various problems. Presently, the University was not creating examination centre where the number of examinees is less than 100.

Dr. Dharinder Tayal stated that from his personal experience he had observed that even the trimester system introduced in certain universities had been successful. The only need was that they had to change the mental attitude, mindset, etc. for implementing the semester system at the Undergraduate level. Keeping in view the current scenario, they have to have confidence in the affiliated Colleges. In the year 2000 when he became member of the Senate for the first time, he had greater confidence in the teachers. He suggested that power should be given to the teachers to set question papers and evaluate answerbooks. Hence, they should take some forward steps and confidence would come also in the teachers of the affiliated Colleges.

Shri M.L. Aeri apprehended that if the semester system is introduced at the undergraduate level, majority of the students would go to the academies which gave guarantee for passing the examination and the Colleges would have admissions much below the sanctioned strength.

Principal Janmit Singh said that semester system at the undergraduate level in the affiliated Colleges would not be successful.

Shri I.S. Chadha stated that they had no choice but to go for Semester System if they really wanted to progress and change with the time. Yes there were certain

difficulties/problems but those could be discussed and overcome, but these should not be used as a tool for not implementing the Semester System.

Professor Shelly Walia stated that it was very important for the University and its affiliated College to go in for the Semester System. But one important feature of the Semester System is to understand that the Semester System could not be carried out without autonomy to the Colleges as it depended on internal system of examination and evaluation. Thus, each Department and Colleges had to be given autonomy. Citing an example, he said that if Semester System was introduced at Government College, Ludhiana, the evaluation of the students of the College could not be done at the Department of English, Panjab University, Chandigarh. Therefore, a mechanism needed to be evolved for the purpose.

Ms. Jasvir Kaur Chahal enquired as to how the equalization of score would be done.

Professor S.K. Sharma stated that he joined the Panjab University in 1960 and the Semester System was prevalent at that point of time. The only problem earlier was that the internal assessment was given by the Department (on the basis of marks secured in two tests out of three) and the external by the two external examiners.

Dr. Dinesh Talwar stated that he joined B.Sc. (Hons. School) in Chemistry in 1976-77 and the system of internal assessment was in vogue at that time, but the award of marks of the internal assessment was at the mercy of the teachers. Citing example, he said that he was awarded 1¼ mark only. In 1977, the students launched an agitation and the Semester System was converted into Annual System. The Semester System was successful in the University because the teachers taught limited syllabus and set the question paper accordingly.

Shri V.K. Tewari stated that at present dichotomy is prevailing. If he go back, comprehensive discussion never took place regarding introduction of Semester System at the undergraduate level. He pleaded that full-fledged discussion on introduction of Semester System in the affiliated Colleges at the undergraduate level should be held.

Dr. D.P.S. Randhawa stated that they had Standing Committee to deal with unfair means cases where the students are punished for their misconduct. Similarly, there should be evaluation of the teachers also and nothing is wrong in that.

Professor Akshaya Kumar stated that the issue of evaluation of teachers was discussed by them about 3 years ago. Earlier also and now again, they reiterate that they had no disagreement as far as evaluation of teachers is concerned, but they had to work out the modalities for the purpose. Then it was pointed out that the evaluation of teachers was there in the document of the U.G.C., but when they checked, it was found that no where it is mandatory. But informally many teachers of the departments do undertake feedback from the students, which looked undemocratic. However, if evaluation of teachers was introduced, who would keep the record?

Professor Rupinder Tewari stated that to some extent he agreed that in the Campus some teachers increased the marks of the students in the theory examination. Moreover, there were also disparities in the award of marks to the students. Some teachers also got the answerbooks of the students evaluated by the Research Scholars. He suggested that a circular should be issued either by the Dean of University Instructions or the Vice-Chancellor that such type of practice would not be tolerated.

Professor Shelley Walia was of the view that a teacher should ask the student/s to write a paragraph on his performance and make suggestions. This kind of culture should be adopted by the University as surveillance is very negligible. A student who had not attended 80% of the lectures delivered by a teacher, did not have any right to give a report on the teacher. He, therefore, opined that modalities are needed to be worked out.

**The Vice-Chancellor said that a broad based Committee would be constituted to look into the issue of Semester System in the affiliated Colleges at the undergraduate level.**

**RESOLVED:** That the consideration of **Item C-40** on the agenda, be deferred.

**XXIII.** The recommendation of the Syndicate contained in **Item C-41**, on the agenda was read out, viz. –

**C-41.** That temporary extension of affiliation be granted to the following Colleges for the subjects/courses mentioned against each subject to grant of NOC from Punjab Government with the condition that the College will follow the other instructions/guidelines of the Panjab University/Punjab Government and as per Inspection Report:

**(Syndicate dated 31.1.2012, Para 27)**

Principal Narinder Singh Sidhu pointed out that though the number of seats for certain courses had been fixed, the Inspection Committees recommended different number of seats for same course to different Colleges. He, therefore, suggested that the Inspection Committees should be provided the information with regard to allocation of seats to a course in the College to be inspected by them beforehand.

The Vice-Chancellor informed that the number of seats allotted to a College for a particular course had been put on the University website.

Professor S.K. Sharma stated that the problem was that the Inspection Committee was never provided the information regarding number of seats, old Inspection Report, etc. at the time of their visit to a College. Resultantly, the Inspection Committee put its own conditions, which is a big farce and needed to be checked.

Dr. Mukesh Arora pointed out that fake material was found to be distributed amongst the students at Moga stating that they would get the degrees from P.U., which needed to be enquired into.

The Vice-Chancellor in a lighter vein said that the word P.U. did not mean Panjab University alone, it might be Punjabi University, Pondicherry University, Pune University, etc.

Shri A.S. Bedi said that he had already pointed out many such incidents, but no action had been taken by the University so far.

Dr. P.S. Gill pointed out that despite there being mentioned in the note appended to the item regarding grant of affiliation to the Colleges that “the College will pay salary to the NET qualified teachers as per UGC norms and Rs.25,800/- per month to those where UGC-NET qualified candidates are not available”, several Colleges were paying Rs.5000/- to Rs.7,000/- per month to the teachers. In case the prescribed condition was not to be got fulfilled, this should be deleted. The University enhanced the fees to be charged by the Colleges with the condition that they would pay full salary, retirement benefits, full gratuity, P.F. benefits, Leave Encashment, etc. to the teachers as amended by the State Government, U.T. Administration and Panjab University from time to time. In case they were not prepared to pay the benefits accordingly, the enhancement in fees should not be allowed. He himself (as a member of the Inspection Committee) went to a College, where the course was being offered from the last ten years, and found that the course was being run without a regular teacher. He stressed that second unit should not be given to the Colleges unless and until they fulfilled the conditions laid-down for the first unit. He further said that several Inspection Committees had been constituted to visit the Colleges of Education, but no action had been taken on their reports so far. The Inspection Committees to inspect the degree Colleges should also be sent immediately.

Professor Naval Kishore, Dean, College Development Council clarified that till date reports on 27 Colleges had been received by the University and reports on 14 Colleges are yet to be received. As and when all the Inspection Reports were received, the same would be examined. Another Committee/s would be sent to verify whether the conditions laid down by the earlier Committee had been fulfilled by the College concerned.

Dr. R.P.S. Josh remarked that some of the Colleges charged huge fees from the students, but did not pay full salary to the teachers.

Dr. Kuldip Singh stated that there were two such Colleges where they were charging fee to the tune of Rs.49,000/- from the students, but neither the Principal nor regular teachers had been appointed. Such Colleges should not be allowed to make admissions from the academic session 2012-13.

Professor Naval Kishore, Dean, College Development Council stated that majority of the data had already been collected. Whenever full data is collected, they would take necessary action.

Principal Janmit Singh stated that it was a complicated matter. Many times this issue had been raised and facts given, but no action had been taken. Further, the Punjab Government had frozen the posts and imposed an embargo for filling up of the vacant posts due to which certain Colleges had appointed teachers on a meagre salary of Rs.6000/- to Rs.7,000/- and the University was giving them new courses at the postgraduate level. Citing an example, he said that Government College, Hoshiarpur, was offering two subjects, i.e. Philosophy and Sociology for the last twenty years, without any teacher.

Professor Naval Kishore, Dean, College Development Council, clarified that the Punjab Government had not imposed any ban on recruitment of teachers for self-financing courses.

Continuing, Principal Janmit Singh, referring to payment of Rs.25,800/- per month to the eligible teachers, said that certain Principals of the Colleges had given a representation to the University that they could not pay this much amount to the teachers. He suggested that action should not be taken against a single College; rather, it should be taken against all the erring Colleges.

The Vice-Chancellor said that the condition of payment of Rs.25,800/- was based on the recommendation of a Committee comprising Principals and Lecturers of the Colleges. If the decision in this regard was not being implemented by certain Colleges, their failure could not be termed as failure of the University.

Dr. I.S. Sandhu stated that the University had constituted two Inspection Committees and their reports were submitted one and a half year ago, but no action had been taken on the recommendations of these Committees. He pleaded that those Colleges, which did not pay full salary to the teachers, should not be allowed to start any new course. Referring to the Inspection Report on M.L.B.G. Girls College, Tapprian Khurd, Balachour, considered by the Syndicate on 29.2.2012, pointed out that the College was running B.A., BCA, and P.G.D.C.A. courses with only three teachers, still the College was being given affiliation for B.Com. course.

Dr. R.P.S. Josh stated that in Government Colleges of Punjab State only 800 teachers were working against 2200 sanctioned posts. Further, there was a complete ban on recruitment of teachers in Private Colleges. He urged the Vice-Chancellor to use his good offices to pursue the matter with the Punjab Government so that the vacant posts are filled up by the Government Colleges and ban on recruitment of teachers in Private Aided Colleges is lifted.

Dr. P.S. Gill said that the Vice-Chancellor, being the epitome of the University, should use his good offices to convince the Punjab Government for filling up the posts which were lying vacant for the last several years.

Shri V.K. Tewari moved a Resolution that the Vice-Chancellor should take up the matter with the Punjab Government, on behalf of the Senate. His proposal was seconded by several members.

**The Vice-Chancellor said that he would write to the Punjab Government in this regard and would also meet the Hon'ble Chief Minister, Punjab and Education Minister, Punjab, along with Dean, College Development Council to apprise them of the facts of the matter.**

Shri M.L. Aeri stated that arrears on account of revision of pay-scales w.e.f. 1.1.2006, gratuity, leave encashment, etc. had not been paid to them, what to talk of filling up of vacant posts.

Dr. S.S. Sangha stated that different Inspection Committees imposed different conditions. One Committee recommended that if the teachers were not appointed and under-payment is made to the teachers, their student returns would not be accepted and another recommended that if teachers were not appointed, penalty would be imposed. There should be uniformity in conditions to be imposed for grant of affiliation to the Colleges.

The Vice-Chancellor said that a *pro forma* for grant of affiliation/extension of affiliation was being reviewed and would be supplied to the Inspection Committees once finalized.

Continuing, Dr. S.S. Sangha informed that Guru Gobind Singh College, Malout, had been disaffiliated by the National Council for Teachers Education (NCTE). What the University would do now? He added that an Inspection Committee visited a College at Hoshiarpur and the College informed them that they had not applied for affiliation.

Professor Naval Kishore said that a decision should be taken by the House to the effect that all the Colleges would fulfil the conditions imposed by the Inspection Committees by 31<sup>st</sup> of May 2012, failing which affiliation would not be granted to them.

Shri Prabhjeet Singh said that Dr. P.S. Gill had raised a very relevant point that full salary was not being paid to the teachers in Colleges of Education and Degree Colleges, but the matter was being twisted on the plea that Punjab Government had imposed ban on the recruitment and also frozen the number of posts in Aided Colleges. He, however, said that out of 138 Aided Colleges, only 5 to 7 Colleges of Education are Aided Colleges, whereas under-payment was prevailing in majority of the Colleges. The Un-Aided Colleges of Education were charging Rs.35,000/- to Rs.49,000/- as fee from the students. Moreover, there was no ban on recruitment and filling up of vacant posts in the Un-Aided Colleges. Though they were for lifting the ban, the ban could not be taken as a plea for making less-payments to the teachers. He suggested that an undertaking should be taken from the Management of the Colleges that they would make payment of full salary to the teachers.

The Vice-Chancellor asked the Dean, College Development Council to place all the Inspection Reports before the Syndicate in its next meeting. In the meanwhile, those seven Colleges, which have not been visited so far by the Inspection Committees, should be visited. Strict action should be taken against those Colleges which did not pay full salary to the teachers. The list of defaulting Colleges would also be given to the Press.

Principal S.S. Randhawa said that, last year, he and Dr. S.S. Sangha visited a College as members of the Inspection Committee and recommended that affiliation granted to the College earlier should be withdrawn, but no action had been taken on their report so far. He further added that his College had applied for permanent affiliation in the year 2010 and the Inspection Committee had also visited the College thrice. Despite his representation, no action had been taken by the University.

The Vice-Chancellor appreciated Principal S.S. Randhawa for the initiative being taken by him for getting the autonomous College status to his College.

Shri Ashok Goyal said that since the grant of affiliation/grant of extension of affiliation under the item related to for the session 2011-12, they could hardly do anything about it.

Dr. I.S. Sandhu said that Legal Retainers of the University were pleading in the court against the University. This needed to be examined.

Dr. Dayal Pratap Singh Randhawa objected to the statement of Dr. I.S. Sandhu. If Dr. Sandhu had any definite information, he should name the person and give proof to the Vice-Chancellor.

Principal S.S. Sangha said that inspection should be democratic. If any action is to be taken against the Colleges of Education, it should be taken along with the Government Colleges of Education. If they go through the norms of the NCTE carefully, these are equally applicable to the Department of Education of the University. According to the norms of the NCTE, 15 teachers are required to be appointed in the Department of Education, Panjab University, Chandigarh, whereas only few teachers were there. He added that Inspection Committees and Periodical Inspection Committees are visiting the affiliated Colleges simultaneously which was wrong and needed to be checked.

Ms. Jasvir Kaur Chahal said that the Inspection Committee had recommended that her College should appoint an extra lecturer in the subject of Yoga Therapy and this recommendation of the Committee was neither covered under the guidelines of the NCTE, nor UGC and nor of the University. She added that despite the fact that her College had purchased books of rupees one lakh, it had been asked to purchase books of Rs.25,000/- from an old institutions and her College had also done that.

Professor Naval Kishore clarified that sometimes the Inspection Committees raised undue objections, but when the office examine, they correct the same.

Professor Akshaya Kumar said that may be rightly or wrongly, he was appointed a member of the Inspection Committee, but in the absence of guidelines he was not aware of as to what was to be done by him.

Professor Naval Kishore said that guidelines were made available to the Chairman of the Inspection Committee and the nominee of the Vice-Chancellor.

**RESOLVED:** That the Inspection Reports regarding grant of affiliation/extension of affiliation to the above Colleges be examined by the Dean, College Development Council and the Vice-Chancellor be authorized to take decision, on behalf of the Senate.

**RESOLVED FURTHER:** That the Colleges, which did not fulfil the conditions imposed by the Inspection Committees by 31<sup>st</sup> of May 2012, be **not** allowed to make admissions to the courses concerned for the next academic session 2012-13.

**XXIV.** The recommendation of the Syndicate contained in **Item C-42**, on the agenda was read out and unanimously approved, i.e. –

**C-42.** That the following persons working in the Group-I of the Laboratory and Technical Staff (pay-scale Rs.10300-34800+GP Rs.5000/-) be confirmed in their post w.e.f. the date mentioned against each:

**XXV.** The recommendation of the Syndicate contained in **Item C-43**, on the agenda was read out, viz. –

**C-43.** That recommendation (2) of the Faculty of Medical Sciences regarding streamlining of examination/ evaluation system of Undergraduate/ Postgraduate Medical/Dental courses effective from 2012-2013, be approved.

**(Syndicate dated 31.1.2012, Para 30)**

Dr. Kamaljit Singh stated that recommendation (2) of the Faculty of Medical Sciences was made by a Committee on the basis of MCI letter dated 15<sup>th</sup> December 2008, wherein it was stated that all Medical Institutions should have curriculum Committee which would plan curricula and instructional method which would be regularly up-dated. On the basis of a subsequent letter this clause had been removed.

The Vice-Chancellor said that Dr. Kamaljeet Singh should give his viewpoint in writing along with the letter, so that the same could be got examined.

Shri Ashok Goyal said that the matter was discussed with Dr. K.K. Talwar, where Dr. Raj Bahadur had said that the last condition was not there. According to the Chairman of the Department, this condition needed to be deleted from the recommendations of the Committee.

**RESOLVED:** That the recommendation of the Syndicate contained in **Item C-43** on the agenda, be approved and the Vice-Chancellor be authorized to take appropriate action on the points raised by Dr. Kamaljit Singh and Shri Ashok Goyal.

**XXVI.** The recommendation of the Syndicate contained in **Item C-44** on the agenda was read out and unanimously approved, i.e. –

**RESOLVED:** That the recommendations of the Syndicate contained in **Item C-45** on the agenda, be approved.

**RESOLVED FURTHER:** That thanks of the Senate be conveyed to the donor.

**XXVIII.** The recommendation of the Syndicate contained in **Item C-46**, on the agenda was read out, viz. –

**C-46** That two increments be granted to Professor A.K. Bhandari on his appointment as Registrar on the analogy of Professor Paramjit Singh and Professor S.S. Bari.

**(Syndicate dated 31.1.2012, Para 41)**

Shri A.S. Bedi stated that the Senate in its meeting held in the month of December 2011 had decided that the sanction for prosecution of Shri S.K. Padam already given by the University be reiterated, whereas the Registrar have given the sanction for his prosecution on the *pro forma* sent by the CBI. In this way, the University had been embarrassed. He, therefore, pleaded that Professor A.K. Bhandari should not be given any increment.

All other members present in the House said increments as given to Professor Paramjit Singh and Professor S.S. Bari, former Registrars, be also given to Professor A.K. Bhandari.

**RESOLVED:** That two increments be granted to Professor A.K. Bhandari on his appointment as Registrar on the analogy of Professor Paramjit Singh and Professor S.S. Bari.

Professor A.K. Bhandari abstained from the meeting while this item was being taken into consideration.

**XXIX.** The recommendation of the Syndicate contained in **Item C-47**, on the agenda was read out, viz. –

**C-47.** That the proposal to set up Science Centre & Planetarium at the Panjab University Campus be accepted, in principle, and a Committee be constituted to work out the modalities. The Committee be requested to make recommendations within a stipulated period.

**(Syndicate dated 31.1.2012, Para 43)**

Dr. Akshaya Kumar said that the PUTA had discussed the proposal of setting up Science Centre & Planetarium at the Panjab University Campus. It was observed during the meeting that 7 acre of land is required for setting up of the said Centre, which the University could not afford. The PUTA passed a Resolution that the proposal was not acceptable to them at all. Despite all this, the University had earmarked Rs.5 crore in its budget for the year 2012-13 for the purpose. He argued that since it was difficult to undo the decision once taken, then what was the use of discussing the issue in the Senate, especially when the decision to set up the said Centre had already been taken and funds earmarked in the budget. If the Centre is set up, School children would visit

the Centre and it would become a tourist destination. He, therefore, pleaded that this Centre should be set up at Village Sarangpur (U.T., Chandigarh). In any case, if the proposal for setting this centre is still to be kept alive, a detailed project report should be sent to them.

The Vice-Chancellor said that it was the duty of the University to take outreach programmes to attract students towards Science subjects. He added that there was no harm in taking up such programmes as the University had already so many museums on the Campus.

Dr. P.S. Gill did not agree with the contention made by Dr. Akshaya Kumar because science popularization programme was national programme of Government of India.

Principal Narinder Singh Sidhu said that though PUTA had every right to convey their decision, but the final decision rested with the Senate.

Dr. Dalip Kumar said that setting up of Science Centre & Planetarium at the Panjab University Campus is a welcome step. Such a centre would add new dimensions to the academics. The only point of worry was that only Rs.5 crore had been allocated for this project in the budget and Rs.6 crore hopefully would be given by Hon'ble Shri Pawan Kumar Bansal. As this project would involve huge money, wherefrom the rest of the money would flow?

Dr. Rabinder Nath Sharma said that when this proposal came before the Syndicate, his primary concern was that whether this Centre, if set up, would prove to be a good project. According to him, with the setting up of the Science Centre at the Campus, the University would become a tourist spot which would create a nuisance and the privacy of the Departments would be at stake for which the coming generation would question and criticize them saying that it was not a wise step. In case they did not resist the introduction of such projects, tomorrow the Government of India and State Governments would impress upon them to accept their each and every project.

The Vice-Chancellor said that earlier Shri Nathu Ram Puri had given a proposal for establishment of Science Centre at the Panjab University Campus, which was turned down by the Senate. He gave this project to Government of Gujarat, which was gleefully accepted by them. In fact, Shri Puri had donated Rs.300 crore for the Science Centre. On the other hand they had accepted Rs.2.5 crore and named the Dental College in the name of the donor, i.e., Dr. Harvansh Singh Judge and were facing objection from the DCI with regard to the nomenclature of that Institute wherein the name of the Panjab University does not figure. In fact, this project would be known as Department of Science Education as other departments of the University are. Though the guidance would be provided by the Government of India, it would be the property of the University and run & manned by the University itself.

Dr. Dharinder Kumar Tayal said that two issues have emerged out of the discussion in the House - whether they want to establish the Science Centre on the Campus or not at all.

Dr. Akshaya Kumar remarked that instead of overriding them, they should be convinced by the University authorities for setting up of the Science Centre.

Shri V.K. Tewari was of the view that the project should be reassessed.

The Vice-Chancellor said that a Committee under the Chairmanship of Shri Gopal Krishan Chatrath had been constituted, but its recommendations are yet to be received.

**RESOLVED:** That the recommendation of the Syndicate contained in **Item C-47** on the agenda, be approved.

**XXX.** The recommendation of the Syndicate contained in **Item C-48**, on the agenda was read out, viz. –

**C-48.** That MDS courses in six disciplines, i.e. (i) Orthodontics & Dentofacial Orthopedics (ii) Prosthodontics and Crown & Bridge (iii) Oral Pathology & Microbiology (iv) Oral & Maxillofacial Surgery (v) Periodontology and (vi) Conservative Dentistry & Endodontics, be started at Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital, Sector 25, Panjab University, Chandigarh, from the academic session 2012-2013.

**(Syndicate dated 31.1.2012, Para 44)**

The Vice-Chancellor said that a sum of Rs.3.5 crore had been provided to Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital. A number of vacant posts at Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital had been advertised and would be filled up soon. The latest Inspection Committee of the Dental Council of India (DCI) had visited Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital and had laid down certain conditions. They would try their best to fulfil these conditions.

Dr. Dharinder Tayal stated that those Senior Lecturers, who had put in more than 5 years' service, were to be promoted as Readers. This proposal had already been approved by the Board of Finance, Syndicate and Senate. Now, once the period of five years is over, the University authorities are saying that the DCI had changed the qualifications and the matter was being looked into by Talwar Committee. When the Board of Finance, Syndicate and Senate had already decided that the Senior Lecturers would be promoted as Readers after a period of five years, how could the Committee reverse the decision post facto?

The Vice-Chancellor said that let the Committee first look into the issue and make recommendation/s.

Dr. Krishan Gauba stated that in 2007 an item regarding promotion of Senior Lecturers as Readers after putting in a service of five years was passed by the Board of Finance, Syndicate and Senate, but the said decision had not yet been implemented. In fact, Talwar Committee had been constituted to relook into the designations of the faculty of Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital. Therefore, the term of reference of that Committee was slightly different.

Dr. Karamjit Singh pointed out that the name of the Panjab University did not exist in the nomenclature of Dental Institute of the University.

The Vice-Chancellor said that it was because of the MoU executed between the University and Dr. Harvansh Singh Judge.

Dr. Krishan Gauba stated that there was a lot of apprehension whether Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital was a Government Institution? He himself got it mandated on the University website. If it is inserted that the Panjab University is funded by the Central Government, then Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital would become part of the Government set up and they would not be required to pay any fee to the DCI for affiliation. Once they come out of this problem, they could start the course/s straightway, i.e. without the approval of the DCI.

Continuing, Dr. Karamjit Singh stressed that first the BDS courses at Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital should be strengthened and thereafter starting of MDS courses should be planned so that no problem could be faced later on.

Supporting the viewpoint expressed by Dr. Karamjit Singh, Dr. Akshaya Kumar stated that the Inspection Committee of the DCI had pointed out certain deficiencies with regard to BDS course. First, these deficiencies should be cleared and thereafter starting of MDS courses should be thought of.

Dr. Krishan Gauba stated that Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital could not progress simply on the basis of undergraduate courses. If they really wanted to progress, they had to offer courses at the postgraduate level because with postgraduate courses comes the research component and not just with the undergraduate level teaching. He humbly requested the House that before Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital is inspected by DCI Inspection Committee, the same should be inspected by a Committee of the University itself to assess whether the Institute was in a position to start MDS courses.

Professor S.K. Sharma said that the University should prepare a white paper indicating the income and expenditure as also its liability for starting the MDS courses.

The Vice-Chancellor said that a statement to this effect was already available.

Dr. Dharinder Tayal said that, as per DCI norms, the University was required to obtain affiliation for starting MDS courses before 28<sup>th</sup> February 2012.

Dr. Krishan Gauba stated that the last date for applying for any postgraduate course affiliation was probably in June 2011 and a proposal for starting of MDS courses was made by Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital in the first week of June 2011. The Inspection Committee of the DCI first examine whether the Institute had all the facilities, including faculty and infrastructure, to carry with the undergraduate level courses and then came to the postgraduate level courses as it related to Health Sciences. He, however, was of the view that they should not put the Institution for inspection again and again.

Dr. Dharinder Tayal observed that since they could not change the name of Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital unilaterally, there was no reason why they could not request Dr. Harvansh Singh Judge for signing a MoU afresh.

Dr. Krishan Gauba suggested that the nomenclature of the Dental Institute should be P.U. Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital. The modalities to change the nomenclature of the Institute should be worked out.

Dr. Rabinder Nath Sharma said that when they go to the Colleges of Education, they stress that first the B.Ed. course should be strengthened and thereafter M.Ed. course would be given. Similarly, if the requirements for the BDS courses are not fulfilled, MDS courses should not be started at Dr. Harvansh Singh Judge Institute of Dental Sciences & Hospital. The University had applied to the DCI for affiliation for MDS courses in June 2011, but item in this regard was placed before the Senate in March 2012. Why was it not placed before the Senate earlier?

Shri Ashok Goyal stated that the point relating to change a nomenclature of the Institute had already been taken. In case, the nomenclature was changed, there would be no problem with regard to refund of money deposited with the DCI for grant of affiliation. If they were not ready to start MDS courses from the session 2012-2013, these should be started from the academic session 2013-14.

The Vice-Chancellor said that they are preparing themselves in a way that all the conditions laid down by the DCI are fulfilled, so that the admissions to MDS courses can be made from the session 2012-13. He, therefore, proposed that the item under consideration should be approved.

**RESOLVED:** That the recommendation of the Syndicate contained in **Item C-48** on the agenda, be approved.

However, it be ensured that no enquiry is pending against him and he fulfilled the prescribed qualifications for the post.

**(Syndicate dated 29.2.2012 Para 17)**

**XXXV.** **Item 54 on the agenda was read out, viz. –**

**54.** To consider the recommendation dated 7.1.2012 (**Appendix-II**) of the Committee constituted by the Vice-Chancellor in pursuance of Senate decision dated 20.12.2011(Para XLI) to examine the promotion case of Dr. B.B. Goyal.

**NOTE:** 1. The Senate meeting dated 20.12.2011 (Para XLI) has resolved that a Committee be constituted by the Vice-Chancellor to examine the promotion case of Dr. B.B. Goyal.

Accordingly, Committee consisting of Shri Chaman Lal Sharma, Fellow and Shri B.L. Gupta, Advocate was constituted.

2. In terms of the Syndicate decision dated 20.12.2011 the Vice-Chancellor in anticipation of approval of the Senate, has promoted Dr. B.B. Goyal, University Business School from Associate Professor stage-4 to Professor stage- 5

in the pay-scale of Rs.37,400-67000+AGP of Rs.10,000/- under U.G.C. Career Advancement Scheme (UGC Regulation, 2010) (Revision of pay-scales for teachers, 2006) at a starting pay to be fixed under the rules of the Panjab University. The post would be personal to the incumbent and he would perform the duties as assigned to him. **However, the date of eligibility of his promotion to this effect will be decided later on after it is approved by the Senate.**

Shri Gopal Krishan Chatrath said that Dr. B.B. Goyal had already been promoted. The issue regarding promoting him from a back date needed thorough examination. Since the items on the supplementary agenda, including this item, had been supplied to them just now, the consideration of the item should be postponed.

The Vice-Chancellor said that the problem was that the audit had not admitted payment of salary to Dr. B.B. Goyal.

Shri Gopal Krishan Chatrath said that, in fact, an attempt is being made to give promotion to Dr. B.B. Goyal w.e.f. 2001.

Shri Ashok Goyal enquired whether they wanted to discuss the issue or not. If yes, he would also like to speak on the issue.

Professor Akshaya Kumar, Shri Prabhjit Singh and Professor Rupinder Tewari together said that the item should be discussed in the House and decision taken accordingly.

Shri Gopal Krishan Chatrath along with some other members proposed that since they had not been given enough time to go through the recommendations of the Committee, the item should not be taken up for consideration.

**This was agreed to.**

At this stage, Ms. Jasvir Kaur Chahal said that the Vice-Chancellor had made an assurance to her on camera that he would bring an item relating to appointment of Dr. Daizy Zarabi, etc. to the Senate.

The Vice-Chancellor said that an item in this regard is being placed before the Senate as a current item.

To this, Shri Ashok Goyal said that since the members were not prepared to consider the items which had been listed in the table agenda, they would not allow to take up any other item to be placed before the Senate in the form of current item/s.

**XXXVI.** The information contained in **Items R-1 to R-19** on the agenda was read out and ratified, i.e. –

**R-1** That the Vice-Chancellor, in anticipation of approval of the Syndicate/Senate, has approved the re-employment of the following persons under rule 8 at page 130 of P.U.
